The State of Louisiana, Office of Group Benefits (hereinafter called "OGB" or "the Program") requests proposals from any Louisiana HMO (hereinafter called "Proposer") to provide fully-insured HMO coverage on a regional basis.

"C. As used herein the term "Louisiana HMO" shall have the meaning set forth in La. R.S. 42:802.1(C), enacted by Act 479 of 2007,as follows:

Prior authorization - The HMO may require preauthorization far some services and procedures your physician or other provider may recommend for you. The HMO does this solely to determine whether the service or procedure qualifies for payment under your benefit plan. You and your health care provider decide whether you should have such services or procedures. The HMO's preauthorization determination

relates solely to payment by the HMO. Failure to obtain necessary preauthorization when required may result in a reduction of otherwise payable benefits. Your health care practitioner should call Customer Service to obtain preauthorization.

(1) Professional Fees associated with computer automated pathology services are processed under the primary lab fee. This service is automated, with no manual intervention necessary. If a separate professional fee is billed, it is not considered by The HMO as a separately reimbursable expense.

(2) Ambulance transportation and/or services received in an emergency room are not covered unless required because of emergency care, as defined in your Certificate.

The above is a brief summary of coverage offered by the HMO. The Summary Plan Description contains the controlling terms and provisions of the benefits, including full descriptions of the exclusions and limitations. Maximum benefit limitations are not intended as a guaranteed benefit. The coverage is based on medical necessity as determined by the HMO Medical Director as detailed in the Summary Plan Description.

Member responsibility payments, i.e. co-payments and coinsurance, accrue to a maximum out-of-pocket of $1,000 per member per contract year for covered in network services and/or $3,000 per member per contract year for covered out-of-network services.

Member payments for the following services do not apply toward the satisfaction of the out-of-pocket maximum: substance abuse services; prescription drugs; organ and tissue transplants; vision care; durable medical equipment, amounts billed by non-participating providers which exceed The HMO's usual, customary and reasonable expenses; and deductibles. Members may be responsible for any difference between The HMO's payment of usual, customary and reasonable expenses and a nonparticipating provider's billed charges.

Participating primary care and specialist physicians and other providers in The HMO's networks are not the agents, employees or partners of The HMO or any of its affiliates or subsidiaries. They are independent contractors. The HMO is not a provider of medical services. The HMO does not endorse or control the clinical judgment or treatment recommendations made by the physicians or other providers listed in network directories or otherwise selected by you.

To be covered, expenses must be medically necessary and specified as covered. Please see your Summary Plan Description for more information on medical necessity and other specific plan benefits.
