This Certificate of Coverage (“Certificate”) sets forth in detail your rights and obligations as a Member enrolled in Vantage Health Plan (“Vantage”).

It is important that you **READ YOUR CERTIFICATE CAREFULLY** and familiarize yourself with its terms and conditions. For reference purposes, a table of contents has been included on the inside of this Certificate. If you need additional information, please contact Vantage Health Plan, Inc.

In order to avoid being faced with non-payment of services, Members should always verify whether their Physician, Hospital, or pharmacy is a Participating Provider before receiving services. Specialty services of Participating Physicians require a written Referral from your Medical Home Primary Care Physician (“MH-PCP”). Participating Providers are subject to change at any time without prior notice.

Health care services may be provided to the Member at a Participating health care facility by facility-based physicians who are not Participating Providers in this Plan. The Member may be responsible for payment of all or part of the fees for those Out-of-Network services, in addition to applicable amounts due for Co-payments, Co-insurance and non-Covered Services.

Vantage believes this Plan is a “grandfathered health plan” under the Patient Protection and Affordable Care Act (Affordable Care Act). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the provision of preventive health services without any cost sharing and the elimination of lifetime limits on some benefits.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to Vantage Health Plan, Inc., 130 Desiard St., Ste. 300, Monroe, LA 71201 or by calling (318) 361-0900 or toll-free at (888) 823-1910. You may also contact the U.S. Department of Health and Human Services at www.healthreform.gov. Questions regarding eligibility and enrollment should be directed to the Office of Group Benefits at (225) 925-6625 or toll-free at (800) 272-8451.

SECTION I: VANTAGE PATIENT-CENTERED MEDICAL HOME

The Patient-Centered Medical Home (PCMH) is an approach to providing cost effective and comprehensive primary health care for children, youth and adults. The PCMH creates partnerships between individual patients and their personal physicians, and when appropriate, the patient's family. Rather than being a "gatekeeper" who restricts patient access to services, a personal physician leverages the key attributes of the Patient-Centered Medical Home model to coordinate and facilitate the care of patients and is directly accountable to each patient.

Medical Home Primary Care Physician (MH-PCP)

Each Vantage Member has an ongoing relationship with a personal physician trained to provide first contact and assist the patient in obtaining access to ongoing and comprehensive health care. The MH-PCP is your personal physician and will work with you to coordinate all of your health care.

Vantage requires the designation of a MH-PCP by all Plan Members. A MH-PCP will be assigned to coordinate your health care if you do not make a designation when you enroll. You may change your designated or assigned MH-PCP at any time by contacting Vantage. You have the right to designate any In-Network MH-PCP who is available to accept you or your family members as patients. For children, you may designate a pediatrician as the MH-PCP. You do not need a Referral from Vantage or from any other person (including a MH-PCP) in order to obtain access to obstetrical or gynecological care from an In-Network Provider who specializes in obstetrics or gynecology. The In-Network Provider, however, may be required to comply with certain procedures, including obtaining Pre-Authorization from Vantage for certain services, following a pre-approved treatment plan, or following procedures for making Referrals. To select a MH-PCP or to receive a list of In-Network Providers, contact Vantage Health Plan at (318) 361-0900 or toll-free at (888) 823-1910.

All Vantage members are required to select a MH-PCP upon enrollment in the Vantage Medical Home HMO plan. Your personal physician, or MH-PCP, leads a team of clinical health care professionals who collectively take responsibility for your immediate and ongoing health care needs. Patient-Centered Medical Home health care professionals may also include a variety of other clinical professionals such as nurses, social workers, dietitians and nutritionists. Your MH-PCP will also be responsible for arranging appropriate care with other qualified health care professionals, Specialty Care Providers or facilities, such as radiologists, laboratories, surgeons and hospitals.

Your MH-PCP will assist you in providing or arranging for all of your health care needs, including acute care, chronic care and preventive services across all elements of the complex health care system (e.g., subspecialty care, hospitals, home health agencies, nursing homes) and the patient's community (e.g., family, public and private community-based services). Care is facilitated by the Vantage Medical Management department which will work closely with your MH-PCP to facilitate communication among the various Participating Providers involved in your health care.

Quality and safety are hallmarks of the Patient-Centered Medical Home:

- MH-PCPs advocate for their patients to support the desired patient-centered outcomes that are defined by a care planning process driven by a compassionate, robust partnership between physicians, patients, and the Vantage Medical Management department.
- Evidence-based medicine and clinical decision-support tools guide the providers' decision-making.
- Physicians accept accountability for continuous quality improvement through voluntary engagement in performance measurement and improvement programs provided by Vantage.

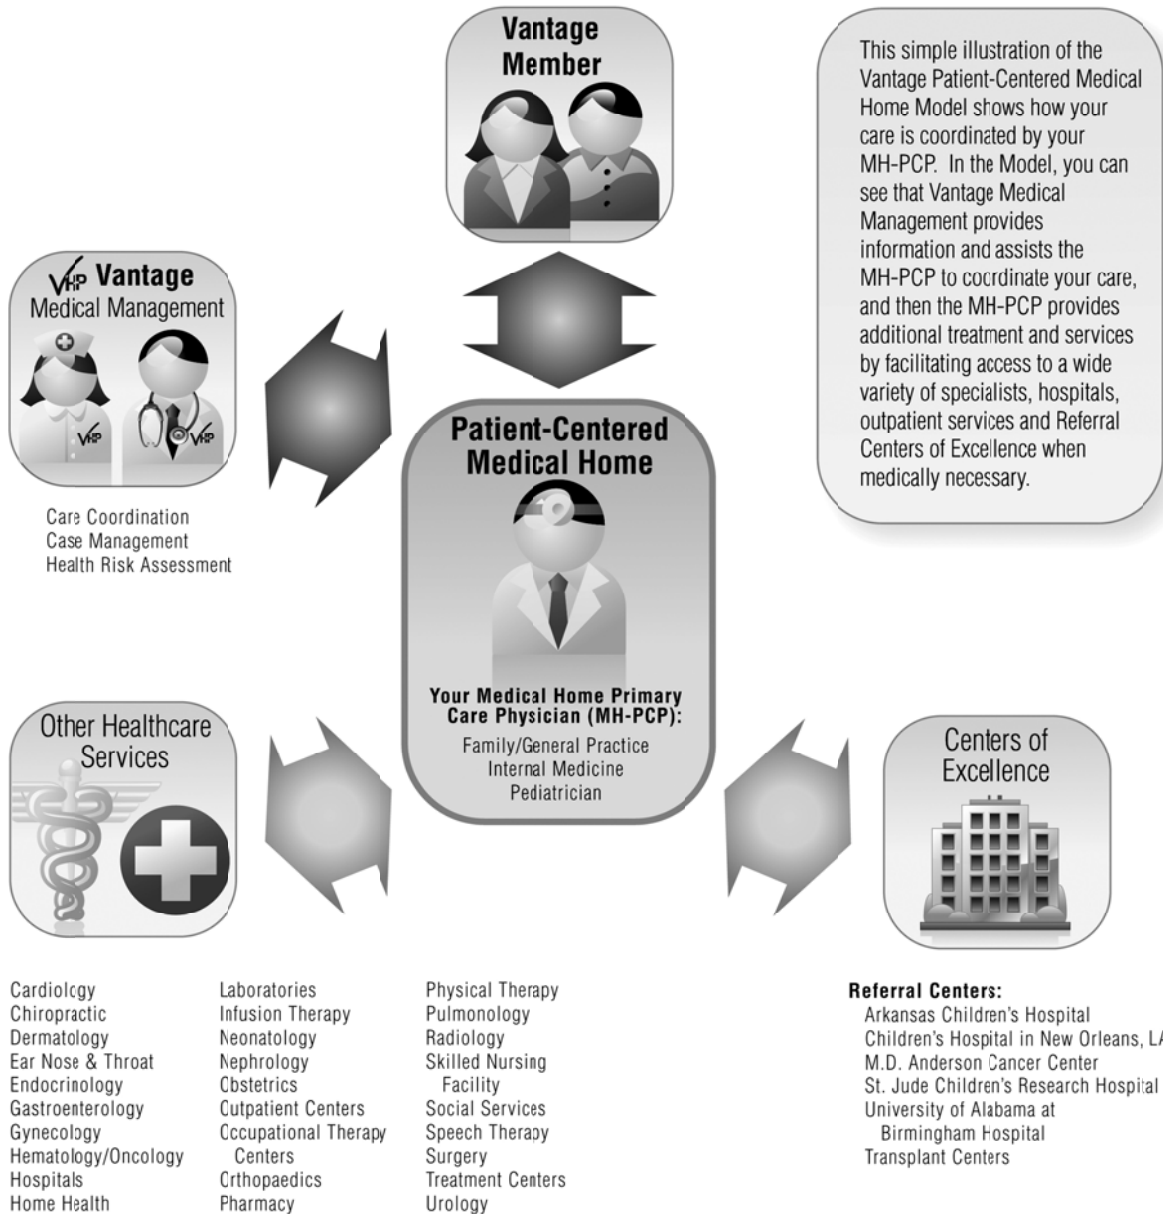

- Patients actively participate in decision-making and feedback is sought to ensure patients' expectations are being met.
- Information technology is utilized to support optimal patient care, performance measurement, patient education, and enhanced communication. Electronic Medical Records (EMRs) are a fundamental aspect in case management and disease management programs as well as the ongoing coordination of care provided by Vantage to each Member enrolled in this Plan.

A simple illustration of the Vantage Patient-Centered Medical Home Model on the following page shows how each Vantage Member's care is coordinated by the MH-PCP. In the model, you can see that Vantage Medical Management provides information and assists the MH-PCP to coordinate care, and then the MH-PCP provides additional treatment and services by facilitating access to a wide variety of Specialty Care Providers, hospitals, outpatient services and Referral centers of excellence whenever it is necessary.

Vantage Medical Management

Vantage assists the MH-PCP by providing additional health information and coordination data related to your health history, such as Prescription Drug coverage and medical treatments provided. Vantage collects and organizes all of the available health information for each Member. The goal of the Vantage Medical Management department is to support the MH-PCP in compiling a complete and accurate health profile of each Member and to facilitate access to whatever health care services are required to improve each Member's health status in consultation with the MH-PCP. Remember, the MH-PCP is your personal Medical Home Participating Primary Care Physician.

A. How to Obtain Referrals for Services Outside of your Patient-Centered Medical Home

Your MH-PCP may need to refer you to another Participating Provider for assistance in treating your illness or injury. Vantage will cover Medically Necessary services by a Participating Provider if a Referral is obtained from your MH-PCP as required by your Plan.

Examples of Exceptions:

Referrals are not required for a routine vision examination covered once every two Benefit Periods. Referrals are not required for visits to a Participating OB/GYN physician.

It is the Member's responsibility to make certain the written Referral form has been properly submitted. This is a simple procedure, but could result in nonpayment of claims if it is overlooked or handled incorrectly.

The following guidelines for the Referral process may be helpful if your MH-PCP recommends specialty care:

- Check with your MH-PCP, use your Vantage Provider Directory (the Vantage Provider Directory is subject to change at any time), or contact Vantage to be sure the Specialty Care Provider that has been recommended is a Participating Provider.
- Your MH-PCP will handle distribution of the forms. One copy will stay in your medical record, one will be sent to the Participating Specialty Care Provider and one is sent to Vantage. Your MH-PCP may ask you to hand-carry your Referral to the Participating Specialty Care Provider. Be sure to present it to the office upon arrival. If your Referral was mailed to the Participating Specialty Care Provider, make sure the office has received it before you see the doctor.

Referral forms must be submitted **prior to** receiving services. Vantage cannot accept Referrals that are dated after services have been received.

- A Specialty Care Provider cannot refer to another Specialty Care Provider.
- Be aware of the duration period of your Referral. Referrals are good for only two (2) visits. If ongoing specialty care is needed, your Specialty Care Provider may extend the duration by calling the Medical Management department at (318) 361-0900 or (888) 823-1910 if outside the local calling area.
- A Referral that originated with another insurance program before you joined Vantage will be invalid, even though it has not expired. You must obtain a new Vantage Referral in order for the services to be considered for payment under this Plan.

- Vantage offers most specialty services within its network of Participating Providers. In special circumstances, when someone must provide care other than a Participating Provider, the Referral requires Pre-Authorization by the Medical Management department. This is your responsibility.
- Written Referral forms are required for Referrals to Vantage Participating Specialty Care Providers only. Services provided by other Vantage Participating Providers do not require a Referral form, but must be ordered by a MH-PCP and may require Pre-Authorization.

B. Pre-Authorization

Pre-Authorization means written authorization from Vantage before receiving certain health services. It can mean the difference between a claim being paid or denied. Pre-Authorizations help Vantage to control and monitor those health services that are most costly. Providers of services requiring a Pre-Authorization are required to assist in obtaining the Pre-Authorization, but the Member remains ultimately responsible. Pre-Authorizations and Referrals are subject to eligibility of the Member at the time services are rendered. This Certificate lists the services that need a Pre-Authorization in the Schedule of Covered Services and Benefits. NOTE: This list of services requiring a Pre-Authorization is subject to change. You may call Member Services at (318) 361-0900 or toll-free at (888) 823-1910 for a current list of services that require a Pre-Authorization.

C. Vantage Medical Utilization Review Program

Employers and health plans have worked to develop programs that can reasonably contain costs while maintaining the quality of care. One such program is utilization review.

What Is Utilization Review?

Utilization review is a process to ensure that you, your Physician, and your health plan work together to provide quality health care that avoids unnecessary hospitalization, inconvenience, and cost. It is an added benefit to assist in making decisions about your medical care.

How Does Utilization Review Work?

When your Physician recommends that you be hospitalized, you or the Physician must call Vantage and outline the planned treatment. As you know, the hospital is not always the most appropriate place to receive treatment and is generally more expensive. By reviewing requests for hospitalization, the Vantage Medical Management staff makes sure that a hospital stay is Medically Necessary and appropriate for inpatient care. Many diagnostic and surgical procedures are routinely performed in an outpatient setting, which can be easier for you and less costly. Vantage will also coordinate the plan of care with your MH-PCP to ensure the services being recommended are consistent with your health history.

If elective hospitalization is planned or you know ahead of time that a hospital stay is needed, you or your Physician must call Vantage **before** your admission. If you, your spouse, or Dependent is admitted on an emergency basis, you or your Physician must contact Vantage **within 24 hours** (or the next working day if on a weekend or holiday) of the admission.

What is the Procedure for Utilization Review?

A single phone call sets the process in motion.

When the call is made, a Vantage Medical Management nurse will request certain basic information about the patient (you, your spouse or Dependent), and the reasons for the proposed admission. Vantage uses established, Physician-approved, medical and surgical criteria to determine the Medical Necessity of all hospital admissions.

A nurse reviewer can review and approve a request, and that is what happens in the vast majority of cases. If the Medical Management nurse has questions about the necessity of the admission, they will consult with the Vantage Medical Director (a medical doctor) who will review the medical data. The Vantage Medical Director or a nurse may also inquire further about the treatment plan by contacting the Physician recommending the admission/treatment as well as contacting your MH-PCP.

In some instances it may be determined that your care can be more appropriately provided in an outpatient setting. If so, the Medical Director will recommend alternatives to hospitalization. Your Plan provides coverage for Medically Necessary outpatient or home care services, often with lower cost to you. These options may be discussed with your Physician and MH-PCP.

If your hospital admission is authorized, an authorization number is given to you or your Physician and the hospital. Your continued hospital stay is reviewed by the Medical Management nurse to determine if further inpatient care is necessary beyond the initial days certified. This will also assure appropriate discharge planning, so follow-up or home care needs can be addressed.

Is the Vantage Decision Final?

If you or your Physician disagrees with a Vantage denial, you may request an Appeal. In this situation, another Participating Physician will review the medical information. If you still disagree with the outcome, a further Appeal process is outlined in this Certificate.

What Is My Responsibility?

Your role is to share this information with your spouse or Dependent if they are covered under your health care Plan and **to show your Vantage ID Card to your Physician when a hospital admission is being discussed**. This alerts your Physician to call Vantage if a hospital admission is planned. Following this process is essential to ensure that a hospital stay is covered.

How Do I Benefit From Utilization Review?

If you are paying any portion of the premiums on your health Plan, utilization review will help control rate increases that could result from unnecessary hospital stays. If Vantage requires you to pay a part of the cost of treatment, utilization review assures that you will be treated in the most cost-effective way while maintaining quality health care. Your preadmission review program is a “win-win” benefit that promotes quality health care and reduces cost.

In Summary

Ask your Physician to call the Vantage Medical Management department to begin the Pre-Authorization process. Pre-Authorization is required for all planned, non-emergency admissions. Emergency hospitalization must be certified the next working day after admission or when reasonably possible.

Maternity admission must be certified the next working day after admission. Pre-Authorization is required before admission for maternity care involving a scheduled Cesarean section.

SECTION II: HOW TO USE THIS PLAN

As a Patient-Centered Medical Home HMO, Vantage provides more of the comprehensive health services you need to get well and stay well. However, there are a few basic rules you must keep in mind to make sure you are receiving the full benefits of the coverage available.

Vantage Member Identification Card

When you join the Plan, you are sent a Vantage Member identification card (ID Card). Your ID Card should be kept with you at all times. Each time services are rendered, you should present your ID card. If you are in doubt about the amount of Co-payments for which you are responsible, please refer to the front of your ID Card, your Cost Share Schedule, Section IV of this Certificate or you may contact the Member Services department at (318) 361-0900 or toll-free at (888) 823-1910.

Your ID Card is for identification purposes only. Any person receiving benefits or services to which they are not entitled will be financially responsible for any charges.

If you need extra ID Cards or lose your ID Card, please call the Member Services department. We will be happy to order you another set.

Network Design

The In-Network benefits described in this Certificate of Coverage refer to Tier I Providers. Most In-Network Providers are Tier I Providers. Vantage may contract with certain providers or provider networks even though their cost may be higher than similar Tier I Providers. These providers are listed in the Vantage Provider Directory as Tier II Providers. Because of the higher cost of the Tier II Providers, there is an additional co-insurance payment for Members who choose to use these providers. The additional co-insurance percentage is listed by each Tier II Provider or provider network in the Vantage Provider Directory.

Example:

Tier I Provider	Member Pays
Hospital A	Co-payment and Co-insurance amounts and percentages as listed in Section IV of this Certificate of Coverage and Cost Share schedule.

Tier II Provider	Member Pays
Hospital B	20% co-insurance in addition to the Co-payment and Co-insurance as listed in Section IV of this Certificate of Coverage and the Cost Share schedule. This additional Tier II co-insurance percentage is noted in the Vantage Provider Directory under the Tier II Provider section.

Note: A Provider's status (Tier I, Tier II, In-Network Provider, Out-of-Network Provider) is subject to change at any time.

OTHER IMPORTANT RULES TO HELP YOU USE THIS PLAN:

ALWAYS obtain a written Referral from your MH-PCP **before** seeking services from a Specialty Care Provider.

ALWAYS carry your Vantage ID Card and present it **before** receiving health services.

ALWAYS pay any Co-payments **at the time** you receive services.

ALWAYS make sure the provider (Physician and facility) from whom you are about to receive services is a **Participating Provider** with Vantage (verify this with Vantage). Exceptions: Pre-Authorization obtained from Vantage or for Emergency Medical Services.

ALWAYS remind your MH-PCP and other providers that you are a Vantage HMO Member and must be referred only to other Participating Providers.

ALWAYS remember, there is an additional twenty percent (20%) co-insurance payment required by Members who choose to use Tier II Providers.

ALWAYS remember, Covered Services provided by Out-of-Network Providers will be covered at a reduced benefit. Claims for Out-of-Network Providers must be received by Vantage Health Plan within one year from the date of service.

ALWAYS obtain Pre-Authorization (written authorization **before** services are received) from the Vantage Medical Management department for those services that require Pre-Authorization. Services requiring Pre-authorization are identified, where applicable in *Section IV: Schedule of Covered Services & Benefits*. NOTE: This list of services requiring Pre-Authorization is subject to change. You may call Member Services at 318-361-0900 for a current list of services that require Pre-Authorization.

ALWAYS call your MH-PCP immediately when you require medical attention. Your MH-PCP can advise you of the best course of action based on his/her knowledge of your medical history and your present symptoms.

Pre-Authorization is required for all planned, non-emergency admissions.

Emergency hospitalization must be certified the next working day after admission or when reasonably possible.

Maternity admission must be certified the next working day after admission. Pre-Authorization is required before admission for maternity care involving a scheduled Cesarean section.

As a Member, it is up to you to use your Vantage coverage wisely. Vantage is not an insurance program that reimburses you for whatever health care services you may desire. Your MH-PCP will work together with you to assure that you receive the medical care you need in an appropriate, cost-effective manner.

The Vantage Member Services department is available to assist you in using this Plan. Call (318) 361-0900 or (888) 823-1910, Monday-Friday, 8:00 a.m. - 8:00 p.m.

In any case, Vantage shall not require that a provider obtain authorization to prescribe a length of stay less than 48 hours (or 96 hours as applicable).

Wellness or Health Improvement Programs:

Vantage may offer a voluntary wellness or health improvement program that allows incentives to encourage participation in the program.

Explanation of Transplant Services

- ▶ It is the Member's responsibility to ensure that all requested services are reviewed and authorized by Vantage prior to provision of those services. Failure to do so for any transplant-related service will result in non-payment of those services. In order to be approved by Vantage for payment, the transplant services must be included in Vantage coverage (see below) and performed at a designated Vantage transplant facility and deemed Medically Necessary and appropriate for the medical condition for which the transplant is proposed.
- ▶ Approved Transplant Services is defined to include all Medically Necessary health services and supplies rendered at a Designated Transplant Facility (defined below) during the Benefit Period which are related to transplantation, and approved in writing by Vantage prior to the delivery of any services. Such services shall include, but are not limited to, Hospital charges, Physician charges, organ procurement and tissue typing, and ancillary services rendered during the Benefit Period. Only for the purposes of this benefit, a Benefit Period is defined as the period of time from the date the Member receives prior authorization and an initial evaluation for the transplant procedure, until the earliest of: (a) one year from the date the transplant procedure was actually performed; (b) the date coverage under this Plan terminates; (c) the date of the Member's death; or (d) the date the maximum benefit for transplant Covered Services is reached.
- ▶ A Designated Transplant Facility is defined as a facility that has entered into an agreement with Vantage to render Approved Transplant Services. The Designated Transplant Facility will be determined by Vantage and may or may not be located within the Member's geographic area. Applications from transplant facilities shall be considered and approved by Vantage in accordance with the requirements of Louisiana R.S. 22:1231 and 22:1232.
- ▶ Approved Transplant Services include (a) kidney; (b) bone marrow or peripheral stem cell transplantation (except in conjunction with High Dose Chemotherapy for the treatment of solid tumors including breast cancer unless coverage is extended by the Utilization Review/Quality Management Committee); (c) liver, for biliary atresia in children; (d) cornea; (e) heart; (f) heart-lung; (g) adult liver; (h) pancreas; (i) lung (single/double); and (j) kidney/pancreas.
- ▶ No benefits are payable under this Transplant Benefit for: (a) organ transplants which are not listed as Approved Transplant Services, (b) animal to human transplants; (c) artificial or mechanical devices designed to replace human organs; (d) services required to keep a donor alive for the transplant operation; (e) charges related to donor services; or (f) transplants otherwise excluded by the Plan.

Clinical Cancer Trials

Costs for investigational treatments and protocol related patient care shall be covered if all of the following criteria are met:

- ▶ The treatment is being provided with a therapeutic or palliative intent for patients with cancer, or for the prevention or early detection of cancer, and
- ▶ The treatment is being provided or the studies are being conducted in a Phase II, Phase III, or Phase IV clinical trial for cancer, and
- ▶ The treatment is being provided in accordance with a clinical trial approved by one of the following entities:

- ▶ The facility and personnel providing the protocol provided the treatment within their scope of practice, experience, and training and are capable of doing so by virtue of their experience, and
- ▶ There is no clearly superior, non-investigational approach; and
- ▶ The available clinical or preclinical data provide a reasonable expectation that the treatment will be at least as efficacious as the non-investigational alternative; and
- ▶ The Member has signed an institutional review board approved consent form.

The final determination as to whether any given service or

supply is excluded under this section lies within the sole discretion of Vantage. For purposes of this section, “experimental or investigational” shall include and be defined as any treatment, service or supply for which:

- a. there is no consensus in the medical community as to safety or effectiveness of the technology as applied to the particular circumstances of the Member or for treatment of the patient’s particular medical problem; or

SECTION VII: ELIGIBILITY FOR COVERAGE

I. PERSONS TO BE COVERED

Eligibility requirements apply to all participants in the Program.

A. Employee Coverage

1. Employee

A full-time Employee as defined by a Participant Employer and in accordance with state law.

2. Husband and Wife, Both Employees

No one may be enrolled simultaneously as an Employee and as a Dependent under the Plan, nor may a Dependent be covered by more than one Employee. If a covered Spouse chooses to be covered separately at a later date and is eligible for coverage as an Employee, that person will be a covered Employee effective the first day of the month after the election of separate coverage. The change in coverage will not increase benefits.

3. Effective Dates of Coverage, New Employee, Transferring Employee

Coverage for each Employee who completes the applicable Enrollment Form and agrees to make the required payroll contributions to his Participant Employer is effective as follows:

- a) If employment begins on the first day of the month, coverage is effective on the first day of the following month (For example, if hired on July 1, coverage will begin on August 1);
- b) If employment begins on or after the second day of the month, coverage is effective on the first day of the second month following employment (For example, if hired on July 15, coverage will begin on September 1);
- c) Employee coverage will not become effective unless the Employee completes an Enrollment Form within 30 days following the date of employment. If completed after 30 days following the date of employment, the Employee will be considered an overdue applicant.
- d) An Employee who transfers employment to another Participating Employer must complete a Transfer Form within 30 days following the date of transfer to maintain coverage without interruption. If completed after 30 days following the date of transfer, the Employee will be considered an overdue applicant.

4. Re-Enrollment and Previous Employment for Health Benefits

- a) An Employee, whose employment terminated while covered and is re-employed within 12 months of the termination date, will be considered a Re-Enrollment Previous Employment applicant. A Re-Enrollment Previous Employment applicant will only be eligible for the classification of coverage (Employee, Employee and Child(ren), Employee and Spouse, Family) in force on the effective termination date.
- b) If an Employee acquires an additional Dependent during the termination period, that Dependent may be covered if added within 30 days of re-employment.

5. Members of Boards and Commissions

Except as otherwise provided by law, members of boards or commissions are not eligible for participation in the Plan. This provision does not apply to members of school boards, state boards, or commissions as defined by the Participant Employer as full time Employees.

6. Legislative Assistants

Legislative Assistants are eligible to participate in the Plan if they are declared full-time Employees by the Participant Employer and have at least one year of experience or receive at least 80% of their total compensation as Legislative Assistants.

- b) The Program may require that such applicants complete a “Statement of Physical Condition” form and an “Acknowledgment of Pre-existing Condition” form.
- c) Medical expenses incurred during the first 12 months following enrollment of the Employee and/or Dependent will not be considered as covered medical expenses if they are in connection with a disease, illness, Accident, or injury for which medical advice, diagnosis, care, or treatment was recommended or received during the six months immediately prior to the enrollment date. The provisions of this section do not apply to pregnancy.
- d) If the Covered Person was previously covered under a Group Health Plan, Medicare, Medicaid, or other creditable coverage as defined in the Health Insurance Portability and Accountability Act of 1996 (HIPAA), credit will be given for previous coverage that occurred without a break for 63 days or more for the duration of prior coverage against the initial 12-month period. Any coverage occurring prior to a break in coverage 63 days or more will not be credited against a pre-existing condition exclusion period.
- e) The foregoing notwithstanding, Vantage does not exclude coverage based upon pre-existing condition limitations for Members enrolling in the Medical Home HMO Plan. However, if a Member chooses to disenroll from the Medical Home HMO Plan and transfer to a standard OGB plan (PPO, HMO or CD-HSA) during annual enrollment, and the transfer of coverage is effective before the 12-month exclusionary period has lapsed, the pre-existing condition limitation will apply under the new plan.

B. Retiree Coverage

1. Eligibility

2. Effective Dates of Coverage

a) Dependents of Employees

Coverage will be effective on the date the Employee becomes eligible for Dependent coverage.

b) Dependents of Retirees

Coverage for Dependents of Retirees will be effective on the first day of the month following the date of retirement if the Employee and his Dependents were covered immediately prior to retirement. Coverage for Dependents of Retirees first becoming eligible for Dependent coverage following the date of retirement will be effective on the date of marriage for new Spouses, the date of birth for newborn children, or the Date Acquired for other classifications of Dependents. Application must be made within 30 days of the date of eligibility for coverage.

D. Pre-Existing Condition (PEC) – Overdue Application

1. The terms of the following paragraphs apply to all eligible Employees who apply for coverage after 30 days from the date the Employee became eligible for coverage and to all eligible Dependents of Employees and Retirees for whom the application for coverage was not completed within 30 days from the Date Acquired for Members enrolling in the standard plans (PPO, HMO or CD-HSA).

The effective date of coverage will be:

- a) The first day of the month following the date the Program receives all required forms prior to the 15th of the month;
 - b) The first day of the second month following the date the Program receives all required forms on or after the 15th of the month.
2. The Program will require that all overdue applicants complete a “Statement of Physical Condition” form and an “Acknowledgement of Pre-existing Condition” form.
 3. Medical expenses incurred during the first 12 months following enrollment of the Employee and/or Dependent will not be considered as covered medical expenses if they are in connection with a disease, illness, Accident, or injury for which medical advice, diagnosis, care, or treatment was recommended or received during the six-month period immediately prior to the enrollment date. The provisions of this section do not apply to pregnancy.
 4. If the Covered Person was previously covered under a Group Health Plan, Medicare, Medicaid or other creditable coverage as defined in the Health Insurance Portability and Accountability Act of 1996 (HIPAA), credit will be given for previous coverage that occurred continuously for 63 days or more for the duration of prior coverage against the initial 12-month period. Any coverage occurring prior to a break in coverage 63 days or more will not be credited against a pre-existing condition exclusion period.
 5. The foregoing notwithstanding, Vantage does not exclude coverage based upon pre-existing condition limitations for Members enrolling in the Medical Home HMO Plan. However, if a Member chooses to disenroll from the Medical Home HMO Plan and transfer to a standard OGB plan (PPO, HMO or CD-HSA) during annual enrollment, and the transfer of coverage is effective before the 12-month exclusionary period has lapsed, the pre-existing condition limitation will apply under the new plan.

E. Special Enrollments – HIPAA

In accordance with HIPAA, certain eligible persons for whom the option to enroll for coverage was previously declined, and who would be considered overdue applicants, may enroll by written application to the Participant Employer under the following circumstances, terms, and conditions for special enrollments:

1. Loss of Other Coverage

Special enrollment will be permitted for Employees or Dependents for whom the option to enroll for coverage was previously declined because the Employees or Dependents had other coverage which terminated due to:

- a) Loss of eligibility through separation, divorce, termination of employment, reduction in hours, or death of the Plan Participant; or
- b) Cessation of Participant Employer contributions for the other coverage, unless the Participant Employer's contributions were ceased for cause or for failure of the individual Participant to make contributions; or
- c) The Employee or Dependent having had COBRA continuation coverage under a Group Health Plan and the COBRA continuation coverage has been exhausted, as provided in HIPAA.

2. After Acquired Dependents

Special enrollment will be permitted for Employees or Dependents for whom the option to enroll for coverage was previously declined when the Employee acquires a new Dependent by marriage, birth, adoption, or placement for adoption.

- a) A special enrollment application must be made within 30 days of either the termination date of the prior coverage or the date the new Dependent is acquired. If it is made more than 30 days after eligibility, they will be considered overdue applicants subject to a pre-existing condition limitation.
- b) The effective date of coverage shall be:
 - i. For loss of other coverage or marriage, the first day of the month following the date the Program receives all required forms for enrollment;
 - ii. For birth of a Dependent, the date of birth;
 - iii. For adoption, the date of adoption or placement for adoption.
- c) Special enrollment applicants must complete the "Acknowledgment of Pre-existing Condition" form and "Statement of Physical Condition" form. Vantage does not exclude coverage based upon pre-existing condition limitations for Members enrolling in the Medical Home HMO Plan. However, if a Member chooses to disenroll from the Medical Home HMO Plan and transfer to a standard OGB plan (PPO, HMO or CD-HSA) during annual enrollment, and the transfer of coverage is effective before the 12-month exclusionary period has lapsed, the pre-existing condition limitation will apply under the new plan.
- d) Medical expenses incurred during the first 12 months that coverage for the special enrollee is in force under this Plan will not be considered as covered medical expenses if they are in connection with a disease, illness, Accident, or injury for which medical advice, diagnosis, care, or treatment was recommended or received during the six-month period immediately prior to the enrollment date. The provisions of this section do not apply to pregnancy.
- e) If the special enrollee was previously covered under a Group Health Plan, Medicare, Medicaid or other creditable coverage as defined in HIPAA, the duration of the prior coverage will be credited against the initial 12-month period used by the Program to exclude benefits for a pre-existing condition if the termination under the prior coverage occurred within 63 days of the date of coverage under the Plan.

F. Retirees Special Enrollment

Retirees will not be eligible for special enrollment, except under the following conditions:

1. Retirement began on or after July 1, 1997;
2. The Retiree has exhausted all COBRA and/or other continuation rights and has made a formal request to enroll within 30 days of the loss of other coverage; and

The staff and medical director of the Program will make the determination of total disability based upon medical evidence, not conclusions, presented by the applicant's physicians, work history, and other relevant evidence presented by the applicant.
3. For purposes of eligibility for continued coverage under this section, total disability means the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to last for a continuous period of 12 months. To meet this definition one must have a severe impairment which makes one unable to do his previous work or any other substantial gainful activity which exists in the national

H. Miscellaneous Provisions

During the period of continuation, benefits will be identical to those provided to others enrolled in this Plan under its standard eligibility provisions for Employees and Retirees.

IV. CHANGE OF CLASSIFICATION

A. Adding or Deleting Dependents

The Plan Member must notify the Program when a Dependent is added to or deleted from the Plan Member's coverage that results in a change in the class of coverage. Notice must be provided within 30 days of the addition or deletion.

B. Change in Coverage

1. When there is a change in family status (e.g., marriage, birth of child) that affects the class of coverage, the change in classification will be effective on the date of the event. Application for the change must be made within 30 days of the date of the event.
2. When the addition of a Dependent changes the class of coverage, the additional premium will be charged for the entire month if the date of change occurs before the 15th day of the month. C. Notification of Change

It is the Employee's responsibility to notify the Program of any change in classification of coverage that affects the Employee's contribution amount. If failure to notify is later determined, it will be corrected on the first day of the following month.

V. CONTRIBUTIONS

The State of Louisiana may make a contribution toward the cost of the Plan, as determined on an annual basis by the Legislature.

SECTION VIII: TERMINATION OF COVERAGE

A. Plan Premiums

This Plan has a thirty (30) day grace period. This provision means that if any required premium is not paid on or before the date it is due, it may be paid during the following grace period. During the grace period, this Plan will stay in force, except that for groups where premiums have not been received when due, claims for Members covered by this Plan may, at the option of Vantage, be held and suspended from processing until the premiums have been paid by OGB. This Plan will be considered cancelled unless the premiums past due and current are fully paid by the end of the grace period. This Certificate constitutes notice of the cancellation and necessary action for reinstatement.

B. Active Employee and Retired Employee Coverage

Subject to continuation of coverage and COBRA rules, an Employee's coverage will terminate on the first to occur of the following:

1. The last day of the month during which the Employee no longer meets eligibility requirements under this Plan or for any specific benefit, the date the benefit terminates or the date an Employee's eligibility status changes so that Employee is no longer eligible for that benefit; or
2. the last day of the month OGB, the Participant Employer or the Employee ceases to make premium payments within the specified grace period, unless otherwise specified by OGB and approved by Vantage; or
3. the date the Program terminates or the date the Participant Employer employing the Employee terminates or withdraws from the Program; or
4. the date Vantage determines the Employee is ineligible due to material misrepresentation and/or noncompliance with Vantage procedures or breaches any provision of this Plan; or
5. the date the Employee reaches his/her Lifetime Maximum Benefit Amount; or

6. the last day of the month of the Employee's death.

The Employee will be notified by Vantage of coverage termination at his/her last known address. The Employee is responsible for the cost of all benefits which are provided after the date of termination of coverage.

C. **Dependent Coverage**

Subject to continuation of coverage and COBRA rules, Dependent coverage will terminate on the first to occur of the following:

1. The last day of the month during which the Dependent ceases to be covered, no longer meets eligibility requirements under this Plan, or for any specific benefit, the date the benefit terminates or the date a Dependent's eligibility status changes so that Dependent is no longer eligible for that benefit; or
2. the last day of the month OGB, the Participant Employer or the Employee ceases to make premium payments within the specified grace period, unless otherwise specified by the OGB and approved by Vantage; or
3. the date the Program terminates or the date the Participant Employer employing the Employee terminates or withdraws from the Program; or
4. the date Vantage determines the Dependent is ineligible due to material misrepresentation and/or noncompliance with Vantage procedures or breaches any provision of this Plan; or
5. the date the Dependent reaches his/her Lifetime Maximum Benefit Amount; or
6. the last day of the month of the Dependent's death; or
7. for grandchildren for whom the Employee does not have legal custody or has not adopted, the date the Child's parent ceases to be a covered Dependent under this Plan or the grandchild no longer meets the definition of Children.

The Employee and/or Dependent is responsible for the cost of all benefits which are provided after the date of termination of coverage.

SECTION IX: CLAIMS PROVISIONS

A. **Proof of Loss**

If a Member incurs a charge for which benefits are payable under this Plan as the primary carrier, written proof of such charge must be furnished to Vantage within ninety (90) days after the charge is incurred. When a Member must first file claims with another primary carrier, Vantage being the secondary plan, the explanations of benefits from the primary carrier must be submitted to Vantage within twelve (12) months of the date of service. **Under no circumstance will Vantage consider a claim for payment that is submitted more than twelve (12) months after the date the services were rendered.**

B. **Payment of Claims**

All Vantage approved benefits for services of In-Network Providers must be received from and paid directly to the institution or person rendering the service.

Vantage approved benefits for services of Out-of Network Providers may be paid directly to the institution or person rendering the service or, if payment by the Member was required at the time of service, may be reimbursed to the Member. If such benefits are not paid as of the date the Member dies, or if the Member is a minor or is not capable of giving a legally binding receipt for the payment of any benefits, Vantage, at its option, may pay the benefit to:

- the person or institution rendering the service; or
- one or more of the following relatives of the Member: spouse, parent(s), child(ren), brother(s) or sister(s), the Member's beneficiary or estate.

Any payments made in this manner will discharge Vantage of its duty to the extent of such payments. Vantage will not be liable as to the application of such payment.

Member may NOT assign benefits to providers. However, Member understands that Participating Providers reserve the ability to directly pursue any third parties who cause accidental injury or Illness to Members for the full amount of the cost of the medical services rendered to Member and forego submitting claims to Vantage for payment. In the event that a Participating Provider elects to pursue a third party recovery and not submit a claim or proof of loss to Vantage, prior written consent of the Member must be obtained and the Member may be responsible for any unpaid Participating Provider charges not compensated by the third parties.

Vantage shall pay claims timely and in accordance with the state law. Electronic clean claims received from all Health Care Providers shall be paid within twenty-five (25) days from date of receipt by Vantage. Non-electronic clean claims received from Participating Providers within forty-five (45) days from the date of service shall be paid within forty-five (45) days from date of receipt by Vantage. Non-electronic clean claims received from Participating Providers after forty-five (45) days from the date of service shall be paid within sixty (60) days of date of receipt by Vantage. All non-electronic clean claims received from Non-Participating Providers shall be paid within thirty (30) days from date of receipt by Vantage.

C. Examination

Vantage will have the right, at its own expense, to have a Physician examine any Member whose Illness or injury is the basis of a claim under this Plan. Such examinations will be performed as often as Vantage may reasonably require while a claim is pending.

D. Authorization to Examine Health Records

The Member consents to and authorizes any Participating Provider or Out-of-Network Provider of Covered Services to permit the examination and copying of any portion of the Member's Hospital or medical records, when requested by Vantage. Information from medical records of Members and information received from Physicians or Hospitals incident to the Physician-patient relationship or Hospital-patient relationship shall be kept confidential. Processing of related claims may be pended until such information is provided.

E. Legal Actions

No action at law or in equity may be brought to recover under this Plan before the expiration of sixty (60) days after written proof of loss has been furnished in accordance with the requirements of this Plan. Under no conditions may any legal action be brought after the expiration of one (1) year after the time written proof of loss is required to be furnished, or prior to completion by the Member of the Appeal and Grievance Procedures under this Plan.

SECTION X: COORDINATION OF BENEFITS

If a Member is entitled to benefits for medical care under two or more plans, including this Plan, the amount of benefits provided under this Plan for that care may be reduced to an amount which, together with the benefits provided under all other plans, will not exceed 100% of the Vantage Allowable of any Covered Services under this Plan. This process is called *Coordination of Benefits*. Member must inform Vantage and any Participating Providers rendering services, if the Member and/or Dependent(s) receive services through Vantage that may be covered by Another Health Plan.

The definition of "Another Health Plan" includes any plan providing medical care benefits under (1) group coverage, or any other arrangement of coverage for individuals in a group other than franchised insurance, or (2) coverage under any governmental plan except Medicaid.

Vantage may, without the consent of any person, release or obtain any information that it deems necessary for determining benefits in accordance with the Coordination of Benefits provision in this Plan. Any person claiming benefits under this Plan will furnish Vantage any information it deems necessary for this purpose. All benefits provided are subject to Coordination of Benefits.

If, at any time, Vantage determines that payments have been made which are in excess of the amount necessary to satisfy the conditions of the Coordination of Benefits provision in this Plan, Vantage will have the right to recover the overpayments.

If payments are made under Another Health Plan, which in accordance with this Coordination of Benefits provision, payments should have been made under this Plan, Vantage will have the right to pay any organization making the payments any amount it determines will satisfy the intent of that provision. Amounts so paid will be deemed to be benefits paid under this Plan. Vantage will be discharged from liability under this Plan to the extent of the amounts so paid.

1. If coverage is provided in the manner defined below under Another Health Plan, benefits provided under this Plan and the other health plans might exceed actual medical expenses incurred. If this is the case, the combined benefits payable under this Plan and other health plan(s) will not exceed 100% of the Vantage Allowable.
2. The benefits that would be paid under this Plan in the absence of this provision will be reduced so that the sum of the reduced benefits and all benefits to be paid under all other health plans will not be more than the total of allowable expenses in any Benefit Period. Benefits payable under the other health plans include benefits that would have been paid if the Covered Person had properly claimed such benefits.
3. The benefits of this Plan will not be reduced as noted in item 2 above, if the rules of benefit determination in item 4 below require that the benefits of this Plan be determined prior to the benefits of such other plan.
4. The rules by which the order of benefits is determined are:
 - a. The plan that covers the person as an Employee or as the certificate holder is the plan that pays first. This is called the "primary plan." The plan that covers the person as Dependent is the plan that pays second, called the "secondary plan."
 - b. If children are covered as Dependents under the plans of both parents, the primary plan is the plan of the parent whose birthday (excluding year of birth) occurs earlier in a calendar year.

- c. When the parents are separated or divorced: (1) if there is a court decree that establishes financial responsibility for the medical, dental, or other health care expenses with respect to the child, the benefits are determined to be primary in agreement with the court; or (2) if the parent with custody has remarried, the plan of the parent with custody is primary, the step-parent's plan is secondary, and the plan of the parent without custody pays third.
 - d. If the above rules do not establish an order of benefit determination, the plan that has covered the person for the longer period of time shall be primary, with the following exception: the benefits of a plan covering a person who is laid-off or a retired Employee, or a Dependent of such person, shall be determined after the benefits of any other plan covering the person as an Employee.
 - e. Any plan that does not contain a Coordination of Benefits provision is automatically primary.
-

SECTION XI: SUBROGATION

Recovery of the Cost of Benefits

If a Member is injured or becomes ill through the act of another person or entity and Vantage provides benefits for the injury or Illness, Member is entitled to benefits under this Plan and Vantage shall have the right to repayment of the cost of any and all benefits paid on behalf of the Member that are associated with the injury or Illness for which the other person or entity is liable.

Subrogation

Subrogation means that Vantage can regain by legal action, if necessary, the cost of benefits paid by Vantage from any person or entity against whom the Member may have a claim. Subrogation will result in savings for the benefit of all Vantage Plan Members because the cost of treatment for sickness or injury will be paid by the persons or entity that is legally responsible for such payment. In the event that benefits are provided under this Plan, Vantage shall be subrogated to the Member's rights of recovery against any person or entity to the extent of the amount of the benefits provided. This includes Vantage's right to bring suit against the person or entity in Vantage's name or the name of the Member. At Vantage's request, the Member shall execute and deliver the necessary documentation (as determined by Vantage) to secure and protect Vantage's subrogation rights. The Member agrees to cooperate with Vantage and/or representatives of Vantage, including its attorneys, in completing such documentation and in giving such information surrounding any Accident or incident the Member was involved in, as Vantage or its representatives deem necessary to fully investigate the Accident or incident. Members also have the following obligations under this subrogation provision:

- To seek recovery from the responsible person or entity (or his/her insurer) of all amounts in connection with benefits paid by Vantage under this Plan and to notify Vantage within ten (10) days of any such actions taken by the Member.
- To refrain from doing anything to impair, prejudice or discharge Vantage's rights of subrogation.
- To fully cooperate and assist Vantage, as is deemed necessary by Vantage, to enforce Vantage's rights of subrogation. This obligation to assist Vantage will apply to Member's legal representative.

- To pay Vantage any amounts received by Member or Member's legal representative to the extent of the cost of the benefits provided by Vantage to which Vantage is entitled to because of its rights of subrogation.

Reimbursement

Vantage has the right to be reimbursed by its Members for any and all benefits that were paid by Vantage that are associated with the Member's injury or Illness caused by another person or entity. This right of reimbursement will apply where Vantage has paid benefits and the Member and/or the Member's representative has been reimbursed any amounts by another person or entity or by any other source as set forth below. If a Member, or any other person or organization on the Member's behalf, that has been paid, does not properly refund the full amount to Vantage for the cost of benefits paid by Vantage, Vantage may reduce the amount of any future benefits that are payable for the Member under this Plan. However, Vantage may only obtain reimbursement from the Member to the extent of the actual cost of the benefits provided by Vantage.

Lien

Vantage, by paying any benefits under this Plan, is granted a lien on the proceeds of any settlement, judgment or other payment received by the Member. The Member hereby consents to Vantage's lien and agrees to take whatever steps are necessary to assist Vantage in securing its lien.

Assignment

Vantage, by the payment of any benefits under this Plan, is granted an assignment of the proceeds of any settlement, judgment or other payment received by the Member to the extent of the benefits paid. By accepting benefits hereunder, the Member consents to Vantage's assignment and authorizes and directs his or her attorney, personal representative or any insurance company to directly reimburse Vantage or its designee to the extent of the cost of the benefits paid. This assignment becomes effective and is binding upon the Member's attorney, personal representative or any insurance company upon notice of this provision by Vantage or its designee.

Participating Providers' Subrogation Rights

As previously set forth herein, Participating Providers have a contractual right to pursue third parties for the full recovery of the cost of the medical services rendered to Member in lieu of submitting claims to Vantage for payment. In such an instance, and with the written consent of the Member, Participating Providers may request appropriate information from the Member regarding the third parties responsible for the injury or Illness of the Member, and Member will cooperate in providing this information to Participating Providers. Participating Providers who elect to pursue third parties for a recovery will not, under any circumstances submit their claims to Vantage for payment, but will only pursue the third parties for recovery. In such an event, and if full recovery is not made by the Participating Providers, Member understands that he or she may have a further financial responsibility to Participating Providers for the cost of medical services not recovered from the third parties.

Other Vantage Rights

The subrogation and reimbursement rights of Vantage, including the foregoing right of assignment, is applicable to any recoveries made by, or on behalf of, the Member as a result of the injuries or Illnesses sustained including, but not limited to, the following sources:

- Payments made directly by the tortfeasor or any insurance company on behalf of the tortfeasor or any other payments on behalf of the tortfeasor.
- Any payments, settlements, judgment or arbitration awards paid by any insurance company under an uninsured or underinsured motorists coverage policy, whether on behalf of a Member or other person.
- Any workers' compensation award or settlement.
- Medical payments coverage under any automobile insurance policy.

- Premises or homeowners insurance coverage including premises or homeowners medical payments coverage.
- Any other payments from any other source designed or intended to compensate a Member for injuries sustained as a result of negligence or alleged negligence of a person or entity.

Vantage's right to recover, whether by subrogation or reimbursement, shall also apply to the Member's Dependents, minors, decedents and incompetent or disabled persons' settlements or recoveries.

To the extent not preempted by federal law, Vantage will not attempt to subrogate until the Member is made whole and Vantage will pay its portion of attorney's fees therewith. No Member shall enter into any type of settlement, which reduces or excludes, or attempts to reduce or exclude, the cost of benefits provided by Vantage. Vantage's rights shall not be defeated by any doctrine reported to defeat Vantage's recovery rights by allocation of settlement proceeds exclusively to non-medical expense damages. No Member shall incur any expenses on behalf of Vantage in pursuit of Vantage's rights hereunder.

Vantage shall recover the full amount of benefits provided under this Plan without regard to any claim of fault on the part of any Member, whether by comparative negligence or otherwise. Benefits payable by Vantage under this Plan are secondary to any coverage under no fault or similar insurance.

In the event that a Member fails or refuses to comply with the terms of this Plan and this provision specifically, the Member shall reimburse Vantage for any and all costs and expenses including attorney fees incurred by Vantage in enforcing its rights hereunder. Further, any Member who fails to comply and/or assist Vantage with its subrogation rights may result in termination of Member's participation in this Plan and the Member shall be responsible for the cost of all benefits and services paid by Vantage related to the injury.

SECTION XII: APPEAL & GRIEVANCE PROCEDURES

Vantage recognizes its responsibility to provide Members with adequate methods to make inquiries and express concerns with Vantage and any Health Care Provider. Members are encouraged to contact Vantage Member Services for assistance with complaints or suggestions concerning the Plan.

Member Services is available Monday through Friday from 8:00 a.m. to 8:00 p.m. by calling:
(318) 361-0900
(888) 823-1910

What is the difference between an Appeal and Grievance?

As a Member of this Plan, you have the right to file a complaint if you have concerns related to your coverage. The two types of complaints you can file are *Appeals* and *Grievances*.

An Appeal is the type of complaint you file when you want Vantage to reconsider and change a decision related to Covered Services, (including a denial of, reduction in, or termination of a Covered Service or a failure to make a payment in whole or in part for a Covered Service) or a rescission of coverage under this Plan. Examples of Appeals: If you disagree when Vantage will not pay for services, you may file an Appeal. If Vantage or a Provider refuses to provide a service you

think should be covered, you may file an Appeal. If Vantage or a Health Care Provider terminates or reduces services you have been receiving, you may file an Appeal.

A Grievance is the type of complaint you file if you have any *other concerns* related to Vantage or a Health Care Provider. *Examples of a Grievance:* If you have concerns related to the quality of your care, you may file a Grievance. If you experience unpleasant attitudes or behavior at a Health Care Provider, you may file a Grievance. Other issues for which you may file a Grievance include lengthy wait times at a Health Care Provider's facility, difficulty getting an appointment or contacting a Health Care Provider, and any concerns or difficulty you encounter when contacting Vantage or communicating with a Vantage employee.

Members always have the right to file a complaint with the Louisiana Department of Insurance.

APPEALS PROCEDURE

Any Member that wishes to file an Appeal should call Member Services. The Vantage Member Services Representative will explain the Appeals process and frequently the complaint can be resolved during the call. If the Member's complaint is resolved, a copy of the contact report detailing the circumstances, description of the findings, and the resolutions will be placed in the Member's file. Member Services may be reached at (318) 361-0900 or (888) 823-1910.

First Level Internal Appeal

If the Member Services Representative is unable to resolve the issue to the Member's satisfaction, the Member may file a formal Appeal. A formal Appeal must be written and must be mailed or hand-delivered to:

Vantage Health Plan, Inc.
Attn: Medical Director
130 DeSiard Street, Suite 300
Monroe, LA 71201

The Member Services Representative will instruct the Member to include the following information with the Appeal:

- Member's name, address and Plan identification number
- A copy of the initial denial notice
- A summary of the reason for the Appeal
- A description of the solution desired by the Member
- Signature of the Member or authorized representative

For the complaint to be considered as a formal Appeal, it must be submitted in writing by the Member within one hundred eighty (180) days from the date of the initial decision to deny a benefit in whole or in part. The Appeal will be forwarded to the Vantage Medical Director and will be adjudicated in a manner designed to ensure independence and impartiality without regard to the initial denial. The Medical Director will review the Appeal letter and information related to the Appeal. If any evidence generated by Vantage is utilized in connection with the Appeal to which the Member does not have access, Vantage may make that information available to the Member and allow the Member an opportunity to review and respond to that information prior to a decision being rendered. The Medical Director will determine the resolution for the Appeal as detailed below, unless the Member or the Member's authorized representative have agreed to an extension. If additional information is required to address the appeal, the determination period will be tolled after we have notified you in writing that additional information is required to complete the review, and will resume on the date that the requested information is received.

Appeals are classified as follows:

- ▶ **Expedited Appeals:** A determination will be rendered within twenty-four (24) hours of receiving the Appeal, unless the Member or the Member's authorized representative and Health Care Provider fails to provide sufficient information to determine whether, or to what extent, benefits are covered or payable under this Plan. These determinations are for situations where the 1) Member's life or health would otherwise be jeopardized; or 2) the ability of the Member to regain maximum function could be jeopardized; or 3) in the opinion of a Physician with knowledge of the Member's medical condition, a non-urgent care determination would subject the Member to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.
- ▶ **Prospective Appeals:** A determination will be rendered within fifteen (15) days of receiving the Appeal when services have not yet been provided.
- ▶ **Retrospective Appeals:** A determination will be rendered within thirty (30) days of receiving the Appeal, but not more than one-hundred and eighty (180) calendar days from the date of service. Retrospective Appeals are reviews of Medical Necessity conducted after services have been provided to a Member.

Second Level Review

Should the Member decline to accept an adverse First Level Internal Appeal decision, the Member will be allowed to Appeal this decision in writing. The Member must file a formal written Appeal to the MNRO Utilization Review/Appeals Committee within sixty (60) days of the adverse First Level Internal Appeal decision. This Appeal can be mailed or hand-delivered to:

Vantage Health Plan, Inc.,
Attn: Utilization Review/Appeals Committee
130 DeSiard Street, Suite 300
Monroe, LA 71201

The Utilization Review/Appeals Committee will review all the information submitted by the Member and documented by the Member Services Representative and Medical Management Nurse. The Utilization Review Appeals Committee shall hold the review meeting within forty-five (45) days of receiving the formal Appeal.

The Member shall be notified in writing at least fifteen (15) days in advance of the review date of the right to attend the review, present his or her case to the review panel, submit supporting materials, testify or ask questions of any representative of the URQM.

The Member will be notified by the URQM in writing of the Utilization Review/Appeals Committee decision within five (5) days of completing the review.

Standard External Review

The Member, with the concurrence of the treating Health Care Provider, may file a request with Vantage for an external review for Medical Necessity if the request is made within one hundred eighty (180) days after the date of receipt of a notice of a Second Level Review adverse determination. Within seven (7) days after the date of receipt of the request for an external review, Vantage shall provide the documents and any information used in making the Second Level Appeal adverse determination to its designated Independent Review Organization (IRO). The IRO shall review all information and documents received and any other information submitted in writing by the Member or the Member's Health Care Provider.

The IRO shall provide notice of its recommendation to Vantage, the Member or the Member's authorized representative and the Member's Health Care Provider within thirty (30) days after

the date of receipt of the second level determination information subject to an external review, unless all parties agree to a longer period. External review decisions are binding on the MNRO and on the covered Member for purposes of determining coverage under this Plan that requires a determination of Medical Necessity.

Expedited Appeals Process

In the event of an adverse determination regarding Medical Necessity, an Expedited Appeal may be requested for situations in which the time frame of a non-urgent care determination could 1) seriously jeopardize the life or health of the Member; or 2) jeopardize the ability of the Member to regain maximum function; or 3) in the opinion of a Physician with knowledge of the Member's medical condition, would subject the Member to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.

An Expedited Appeal may be initiated by the Member, with the consent of the treating Health Care Provider, or by the Health Care Provider acting on behalf of the Member.

An Expedited Appeal shall be provided for any request concerning a prospective (pre-service) admission, availability of care, continued stay, or health care service for a Member who has received Emergency services but has not been discharged from a facility. Expedited Appeals are not available for retrospective adverse determinations. All necessary information, including Vantage's decision, shall be transmitted between Vantage and the Member, or the Member's authorized representative, or the Health Care Provider acting on behalf of the Member by telephone, facsimile, or any other available expedited method.

Vantage shall make a decision and notify the Member or the Health Care Provider acting on behalf of the Member as expeditiously as the Member's medical condition requires, but in no event more than twenty-four (24) hours after the Appeal is received, unless the Member or the Member's authorized representative and Health Care Provider fails to provide sufficient information to determine whether, or to what extent, benefits are covered or payable under this Plan. Vantage shall provide written confirmation of its decision concerning an Expedited Appeal within three (3) working days.

GRIEVANCE PROCEDURE

Vantage has established an administrative Grievance resolution procedure to provide a full and fair review of Grievances and to assist Members in resolving those Grievances to their satisfaction. This procedure is intended to provide prompt consideration of Member Grievances at the appropriate decision making levels of Vantage. **Grievances for dates of service greater than twelve (12) months from the date the Grievance is filed will not be considered. Members must follow the procedures set forth below in the event a Grievance arises under this Agreement. Members are required to follow the Appeal Procedures if the complaint is to request that Vantage reconsider and change a decision related to Covered Services, (including a denial of, reduction in, or termination of a Covered Service or a failure to make a payment in whole or in part for a Covered Service) or a rescission of coverage under this Plan.**

This Grievance Procedure has been established to assure that every Member will receive a timely response to any complaint and/or formal Grievance, if appropriate. Ultimate discretionary authority to interpret the Vantage Plan and to make final determinations as to the appropriate resolution of complaints shall be vested in Vantage.

Members are required to fully complete the Grievance Procedure prior to bringing any legal action or proceeding against Vantage. Failure to fully complete the Grievance Procedure will cause the legal action or proceeding to be premature. Moreover, any legal action or proceeding against Vantage must

be brought within one (1) year from the incident which gives rise to the complaint, or else the Member forfeits his or her right to bring any legal action or proceeding against Vantage.

Step 1: Informal and Formal Grievances

The Member Services department will assist the Member in trying to resolve the matter on an informal basis. If this is not successful, the Member may file a formal Grievance. A complaint or inquiry is not considered a “formal Grievance” until Vantage receives written documentation addressing the matter from the Member.

Step 2: Appeal of Grievance Determination

Should a Member decline to accept the resolution proposed by Vantage, the Member will be informed that he/she may appeal this decision in writing to the Vantage Board of Directors. The Member must, within thirty (30) days after receipt of the response, file a formal written Appeal to the Vantage Board of Directors. This can be mailed or hand-delivered to:

Vantage Health Plan, Inc.
Vantage Board of Directors / Appeals Committee
130 DeSiard Street, Suite 300
Monroe, LA 71201

The Vantage Board of Directors will review all the information submitted by the Member and documented by the Member Services Representative and /or Medical Management Nurse. The Member will be notified, in writing, regarding the decision of the Vantage Board of Directors within sixty (60) days from the date the Member files a written Appeal.

The Member must fully cooperate with Vantage in its effort to promptly resolve any Grievance. In the event the Member does not fully cooperate with Vantage, the Member will be deemed to have waived his or her right to have the Grievance processed within the time frames set forth above. The time frames set forth herein may be modified by the written mutual consent of Vantage and the Member.

SECTION XIII: COBRA NOTICE

GENERAL NOTICE OF CONTINUATION COVERAGE RIGHTS UNDER COBRA

Introduction

This notice contains important information about your right to COBRA continuation coverage, which is a temporary extension of Group Health Plan coverage under certain circumstances when coverage would otherwise end under this Plan offered through the Office of Group Benefits. **This notice generally explains COBRA coverage, when it may become available to you and your family, and what you need to do to protect the right to receive it. This notice supersedes all other Initial/General COBRA Notices provided to you.** COBRA (and the description of COBRA coverage contained in this notice) applies only to the Group Health Plan benefits offered under the Plan and not to any other benefits offered by the State of Louisiana (such as life insurance).

The right to COBRA coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA coverage can become available to you when you would otherwise lose your Group Health Plan coverage. It can also become available to your spouse and Dependent Children, if they are covered under the Plan, when they would otherwise lose their

Group Health Plan coverage. The Plan provides no greater rights than what COBRA requires—nothing in this notice is intended to expand your rights beyond COBRA’s requirements.

What is COBRA Coverage?

COBRA coverage is a continuation of Plan coverage when coverage would otherwise end because of a life event known as a “qualifying event.” Specific qualifying events are listed later in this notice. After a qualifying event occurs and any required notice of that event is properly provided to the Office of Group Benefits, COBRA coverage must be offered to each person losing Plan coverage who is a “qualified beneficiary.” You, your spouse, and your Dependent Children could become qualified beneficiaries and would be entitled to elect COBRA if coverage under the Plan is lost because of the qualifying event. (Certain newborns, newly adopted Children, and alternate recipients under QMCSOs may also be qualified beneficiaries. This is discussed in more detail in separate paragraphs below). Under the Plan, qualified beneficiaries who elect COBRA coverage must pay the entire cost of COBRA coverage.

Who Is Entitled to Elect COBRA Coverage?

If you are an Employee, you will be entitled to elect COBRA coverage if you lose your Group Health Plan coverage because either one of the following qualifying events happens:

- Your hours of employment are reduced, or
- Your employment ends for any reason other than your gross misconduct.

If you are the spouse of an Employee, you will be entitled to elect COBRA coverage if you lose your Group Health Plan coverage because any of the following qualifying events happens:

- Your spouse dies;
- Your spouse’s hours of employment are reduced;
- Your spouse’s employment ends for any reason other than his or her gross misconduct; or
- You become divorced from your spouse. Also, if your spouse (the Employee) reduces or eliminates your Group Health Plan coverage in anticipation of a divorce, and a divorce later occurs, then the divorce may be considered a qualifying event for you even though your coverage was reduced or eliminated before the divorce. If you notify the Office of Group Benefits within 60 days after the divorce and can establish that the Employee cancelled the coverage earlier in anticipation of the divorce, the COBRA coverage may be available for the period after the divorce.

A person enrolled as the Employee’s Dependent Child will be entitled to elect COBRA if he or she loses Group Health Plan coverage because any of the following qualifying events happens:

- The parent-Employee dies;
- The parent-Employee’s hours of employment are reduced;
- The parent-Employee’s employment ends for any reason other than his or her gross misconduct;
- The Child stops being eligible for coverage under the Plan as a Dependent Child.

When Is COBRA Coverage Available?

When the qualifying event is the end of employment or reduction of hours of employment or death of the Employee, the Plan will offer COBRA coverage to qualified beneficiaries only after the Office of Group Benefits has been timely notified that a qualifying event has occurred. When the qualifying event is the end of employment or reduction of hours of employment or death of the Employee, the Participant Employer must notify the Office of Group Benefits of the qualifying event within 30 days following the date coverage ends.

Vantage is not responsible for issuing continuation coverage notices or providing continuation coverage election forms to Employees. This is solely the Employer’s responsibility. Generally, Employers may provide a continuation coverage election form to employees through the Employer’s human resources department, on their website, or at the time of termination.

You Must Give Notice of Some Qualifying Events

For the other qualifying events (divorce of the Employee and spouse, or a Dependent Child's loss of eligibility for coverage as a Dependent Child), a COBRA election will be available to you only if you notify the Office of Group Benefits in writing within 60 days after the later of: (1) the date of the qualifying event; and (2) the date on which the qualified beneficiary loses (or would lose) coverage under the terms of the Plan as a result of the qualifying event. In providing this notice, you must use OGB's form entitled "Notice of Qualifying Event Form" (you can obtain a copy of this form from the Office of Group Benefits at no charge, or you can download the form at www.groupbenefits.org), and you must follow the notice procedures specified in the box at the end of this notice entitled "Notice Procedures." If these procedures are not followed or if the notice is not provided to the Office of Group Benefits during the 60-day notice period, THEN ALL QUALIFIED BENEFICIARIES WILL LOSE THEIR RIGHT TO ELECT COBRA.

Electing COBRA

Once the Office of Group Benefits receives timely notice that a qualifying event has occurred, each qualified beneficiary will have an independent right to elect COBRA coverage. Covered Employees and spouses (if the spouse is a qualified beneficiary) may elect COBRA coverage on behalf of all of the qualified beneficiaries, and parents may elect COBRA coverage on behalf of their Children. **Any qualified beneficiary for whom COBRA coverage is not elected within the 60-day election period specified in the Plan's COBRA election notice WILL LOSE HIS OR HER RIGHT TO ELECT COBRA COVERAGE.**

Qualified beneficiaries who are entitled to elect COBRA coverage may do so even if they have other Group Health Plan coverage or are entitled to Medicare benefits on or before the date on which COBRA coverage is elected. However, a qualified beneficiary's COBRA coverage will terminate automatically if, after electing COBRA coverage, he or she becomes entitled to Medicare benefits or becomes covered under other Group Health Plan coverage (but only after any preexisting condition exclusions of that other plan for a pre-existing condition of the Covered Person have been exhausted or satisfied).

Continuation coverage shall also be available for a surviving spouse fifty (50) years of age or older. Surviving spouses may elect continuation coverage for a period of ninety (90) days following termination of coverage. Coverage for the surviving spouse terminates upon failure to timely pay the premium, if the surviving spouse remarries, or if the surviving spouse becomes eligible to enroll in Medicare or another health plan.

How Long Does COBRA Coverage Last?

COBRA coverage is a temporary continuation of coverage. When the qualifying event is the death of the Employee, the covered Employee's divorce, or a Dependent Child's loss of eligibility as a Dependent Child, COBRA coverage can last for up to 36 months. When the qualifying event is the end of employment or reduction of the Employee's hours of employment, and the Employee became entitled to Medicare benefits less than 18 months before the qualifying event, COBRA coverage for qualified beneficiaries (other than the Employee) who lose coverage as a result of the qualifying event can last until up to 36 months after the date of Medicare entitlement. For example, if a covered Employee becomes entitled to Medicare 8 months before the date on which his employment terminates, COBRA coverage under the Plan for his spouse and Children who lost coverage as a result of his termination can last up to 36 months after the date of Medicare entitlement, which is equal to 28 months after the date of the qualifying event (36 months minus 8 months). This COBRA coverage period is available only if the covered Employee becomes entitled to Medicare within 18 months BEFORE the termination or reduction in hours. Otherwise, when the qualifying event is the end of employment or reduction of the Employee's hours of employment, COBRA coverage generally can last for only up to a total of 18 months.

Extension of COBRA Coverage

The COBRA coverage periods described above are maximum coverage periods. COBRA coverage can end before the end of the maximum coverage periods described in this notice as described in this Plan Certificate. There are two ways in which the period of COBRA coverage resulting from a termination of employment or reduction of hours can be extended.

Disability extension of COBRA coverage

If a qualified beneficiary is determined by the Social Security Administration (or by the staff of the Office of Group Benefits in the case of a person who is ineligible for Social Security disability benefits due to insufficient “quarters” of employment) to be disabled on the date the Covered Person became eligible for continued coverage or within the initial 18 months of coverage, and you notify the Office of Group Benefits in a timely fashion, all of the qualified beneficiaries in your family may be entitled to receive up to an additional 11 months of COBRA coverage, for a total maximum of 29 months. This extension is available only for qualified beneficiaries who are receiving COBRA coverage because of a qualifying event that was the covered Employee’s termination of employment or reduction of hours. The disability must have started at some time before the 61st day after the covered Employee’s termination of employment and must last at least until the end of the period of COBRA coverage that would be available without the disability extension (generally 18 months, as described above). For persons eligible to receive Social Security disability benefits, the disability extension is available only if you notify the Office of Group Benefits in writing and submit a copy of the Social Security Administration’s determination of disability within 60 days after the latest of the date of the Social Security Administration’s disability determination and the date on which the qualified beneficiary loses (or would lose) coverage under the terms of the Plan as a result of the covered Employee’s termination of employment or reduction of hours.

For persons ineligible to receive Social Security disability benefits due to insufficient “quarters”, the disability extension is available only if you submit to the Office of Group Benefits in writing proof of total disability before the initial 18-month COBRA coverage period ends.

You must also provide this notice within 18 months after the covered Employee’s termination of employment or reduction in hours in order to be entitled to a disability extension. In providing this notice, you must use OGB’s form entitled “Notice of Disability Form” (you may obtain a copy of this form from the Office of Group Benefits at no charge, or you can download the form at www.groupbenefits.org), and you must follow the procedures specified in the box at the end of this notice entitled “Notice Procedures.” If these procedures are not followed or if the notice is not provided in writing to the Office of Group Benefits during the 60-day notice period and within 18 months after the Employee’s termination of employment or reduction of hours, THEN THERE WILL BE NO DISABILITY EXTENSION OF COBRA COVERAGE.

Second qualifying event extension of COBRA coverage

If your family experiences another qualifying event while receiving COBRA coverage because of the covered Employee’s termination of employment or reduction of hours (including COBRA coverage during a disability extension period as described above), the spouse and Dependent Children receiving COBRA coverage can get up to 18 additional months of COBRA coverage, for a maximum of 36 months, if notice of the second qualifying event is properly given to the Office of Group Benefits. This extension may be available to the spouse and any Dependent Children receiving COBRA coverage if the Employee or former Employee dies, or gets divorced, or if the Dependent Child stops being eligible under the Plan as a Dependent Child, but only if the event would have caused the spouse or Dependent Child to lose coverage under the Plan had the first qualifying event not occurred. (This extension is not available under the Plan when a covered Employee becomes entitled to Medicare.)

This extension due to a second qualifying event is available only if you notify the Office of Group Benefits in writing of the second qualifying event within 60 days after the later of:

- the date of the second qualifying event; and

- the date on which the qualified beneficiary would lose coverage under the terms of the Plan as a result of the second qualifying event (if it had occurred while the qualified beneficiary was still an Employee covered under the Plan).

In providing this notice, you must use OGB’s form, entitled “Notice of Second Qualifying Event Form,” (you may obtain a copy of this form from the Office of Group Benefits at no charge, or you can download the form at www.groupbenefits.org), **and you must follow the procedures specified in the box at the end of this notice entitled “Notice Procedures.” If these procedures are not followed or if the notice is not provided in writing to the Office of Group Benefits within the 60-day notice period, THEN THERE WILL BE NO EXTENSION OF COBRA COVERAGE DUE TO A SECOND QUALIFYING EVENT.**

More Information About Individuals Who May Be Qualified Beneficiaries

Children born to or placed for adoption with the covered Employee during COBRA period

A child born to, adopted by, or placed for adoption with a covered Employee during a period of COBRA coverage is considered to be a qualified beneficiary provided that, if the covered Employee is a qualified beneficiary, the covered Employee has elected COBRA coverage for himself or herself. The Child’s COBRA coverage begins on the Child’s date of birth, date of adoption, or date of placement for adoption if the Child is enrolled in the Plan through special enrollment, or on the first day of the following plan year if the Child is enrolled through open enrollment. The COBRA coverage lasts for as long as COBRA coverage lasts for other family members of the Employee. To be enrolled in the Plan, the Child must satisfy the otherwise applicable Plan eligibility requirements (for example, regarding age).

Alternate recipients under QMCSOs

A Child of the covered Employee who is receiving benefits under the Plan pursuant to a Qualified Medical Child Support Order (QMCSO) received by the Office of Group Benefits during the covered Employee’s period of employment with the Participant Employer is entitled to the same rights to elect COBRA as an eligible Dependent Child of the covered Employee.

COBRA Premium Reduction

The American Recovery and Reinvestment Act of 2009 (ARRA), as amended by the Department of Defense Appropriations Act (2010 DOD Act) on December 19, 2009, the Temporary Extension Act of 2010 (TEA) on March 2, 2010 and the Continuing Extension Act of 2010, which was signed into law on April 15, 2010, provides for premium reductions for health benefits under COBRA. Eligible individuals pay only 35 percent of their COBRA premiums; the remaining 65 percent is reimbursed to the coverage provider through a tax credit.

Changes Regarding COBRA Continuation Coverage under ARRA, as amended by the Continuing Extension Act of 2010

- The COBRA premium subsidy eligibility period has been extended to May 31, 2010. Those eligible for the subsidy (Assistance Eligible Individuals) are COBRA qualified beneficiaries whose COBRA qualifying event is/was loss of health coverage due to involuntary termination of employment occurring on or after September 1, 2008, but not later than May 31, 2010.
- The maximum period for which the COBRA premium subsidy is available remains at 15 months.
- The subsidy applies to COBRA premiums for both employees and dependents.

IMPORTANT

- If, after you elect COBRA and while you are paying the reduced premium, you become eligible for other group health plan coverage or Medicare you **MUST** notify the plan in writing. If you do not, you may be subject to a tax penalty.

SECTION XIV: WHCRA NOTICE

Women's Health and Cancer Rights Act of 1998 Notice

For Vantage Health Plan Members receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses and treatment of physical complications of the mastectomy, including lymphedema.

These benefits are subject to authorizations, Co-payments, and/or Coinsurance that are applicable to your medical and surgical benefits provided under this Plan.

SECTION XV: HIPAA NOTICE

This notice describes how medical information about you may be used and disclosed and how you can get access to this information. Please review it carefully.

At Vantage, we respect the confidentiality of your health information and will protect it in a responsible and professional manner. We consider this information private and confidential and have policies and procedures in place to protect the information against unlawful use and disclosure.

This notice describes what types of information we collect, explains when and to whom we may disclose it, and provides you with additional important information. Vantage is allowed by law to use and disclose your health information to carry out the operations of our business. We are required by law to maintain the privacy of your health information, to provide you with this notice and abide by the notice in effect. It also informs you of your rights with respect to your health information and how you can exercise those rights.

What is Protected Health Information or PHI?

When we talk about “information” or “health information” in this notice we mean Protected Health Information or PHI. PHI is information that identifies an individual enrolled in a Vantage benefit plan. It relates to the person’s participation in the plan, the person’s physical or mental health or condition, the provision of health care to that person, or payment for the provision of health care to that person. It does not include publicly available information, or information that is available or reported in a summarized fashion that does not identify any individual person.

What types of personal information does Vantage collect?

Like all health benefits companies, we collect the following types of information about you and your Dependents:

- Information we receive directly or indirectly from you or your employer or benefits plan sponsor through applications, surveys, or other forms, in writing, in person, by telephone, or electronically, including our web site (e.g., name, address, social security number, date of birth, marital status, Dependent information, employment information, medical history).
- Information about your relationship and transactions with us, our affiliates, our providers, our agents, and others (e.g., health care claims and encounters, medical history, eligibility information, payment information, service request, and appeal and grievance information).

How does Vantage protect this information?

Vantage has policies that limit internal and external sharing of PHI to only persons who have a need for it to provide benefit services to you and your Dependents. We maintain physical, electronic and procedural safeguards to protect PHI against unauthorized access and use. For example, access to our facilities is limited to authorized personnel and we protect information electronically through a variety of technical tools. We also have established a Privacy Committee, which has overall responsibility for the development, implementation, training, oversight and enforcement of policies and procedures to safeguard PHI against inappropriate access, use and disclosure, consistent with applicable law.

How may Vantage use or share your information?

To effectively operate your health benefit plan, Vantage may use and share PHI about you to:

- Perform our duties of certificate of insurance, which may involve claims review and payment or denial; coordination of benefits; utilization review; medical necessity review; coordination of care; response to member inquiries or requests for services; conduct of grievance, appeals,

and external review programs; benefits and program analysis and reporting; risk management; detection and investigation of fraud and other unlawful conduct; auditing; underwriting; administration and coordination of reinsurance contracts.

- Operate preventive health programs, disease early detection programs, disease management programs and case management programs in which we or our affiliates or contractors send educational materials and screening reminders to eligible members and providers; perform health risk assessments; identify and contact members who may benefit from participation in disease or case management programs; and send relevant information to those members who enroll in the programs, and their providers.
- Conduct quality improvement activities, such as the credentialing of Participating network providers; and accreditation by the National Committee for Quality Assurance (NCQA), Centers for Medicare & Medicaid Services (CMS), and/or other independent organizations, where applicable.
- Conduct performance measurement and outcomes assessment; health claims analysis and reporting.
- Provide data to outside contractors who help us conduct our business operations. **We will not share your PHI with these outside contractors unless they agree in writing to keep it protected.**
- Manage data and information systems.
- Perform mandatory licensing, regulatory compliance/reporting, and public health activities; responding to requests for information from regulatory authorities, responding to government agency or court subpoenas as required by law, reporting suspected or actual fraud or other criminal activity; conducting litigation, arbitration, or similar dispute resolution proceedings; and performing third-party liability and subrogation activities.
- Change policies or contracts from and to other insurers, HMOs, or third party administrators.
- Provide data to the employer that sponsors the benefit plan through which you receive health benefits. **We will not share your PHI with your benefit plan sponsor except for deidentified summary health information, enrollment and disenrollment information, specific information authorized by you and any information necessary to administer the plan.**

We consider the activities described above as essential for the operation of our health plan. For example Vantage may feature:

- Cancer screening reminder programs that promote early detection of breast, ovarian, and colorectal cancer, when these illnesses are most treatable.
- Disease management programs that help members work with their physicians to effectively manage chronic conditions like asthma, diabetes, and heart disease to improve quality of life and avoid preventable emergencies and hospitalizations.
- Quality assessment programs that help us review and improve the services we provide.
- A variety of outreach programs that help us educate members about the programs and services that are available to them, and let members know how they can make the most of their health benefits.

There are also state and federal laws that may require us to release your health information to others. We may be required to provide information as follows:

- To state and federal agencies that regulate us such as the US Department of Health and Human Services and the Louisiana Department of Insurance.
- For public health activities. For example, we may report information to the Food and Drug Administration for investigating or tracking of Prescription Drug and medical device problems.

- To public health agencies if we believe there is a serious health or safety threat.
- With a health oversight agency for certain oversight activities (for example, audits, inspections, licensure, and disciplinary actions.)
- To a court or administrative agency (for example, pursuant to a court order, search warrant or subpoena).
- For law enforcement purposes. For example, we may give information to a law enforcement official for purposes of identifying or locating a suspect, fugitive, material witness or missing person.
- To a government authority regarding child abuse, neglect or domestic violence.
- To a coroner or medical examiner to identify a deceased person, determine a cause of death, or as authorized by law. We may also share information with funeral directors as necessary to carry out their duties.
- For procurement, banking or transplantation of organs, eyes or tissue.
- To specialized government functions, such as military and veteran activities, national security and intelligence activities, and the protective services for the President and others.
- For on the job-related injuries because of requirements of state worker compensation laws.

Vantage does not share PHI for any purpose other than those listed above. If one of the above reasons does not apply, **we must get your written authorization to use or disclose your health information.** In the event that you are unable to provide the authorization (for example, if the member is medically unable to give consent), we accept authorization from any person legally authorized to give consent on behalf of the member, such as a parent or guardian. If you give us written authorization and change your mind you may revoke your written authorization at any time.

What are your rights?

The following are your rights with respect to your PHI. If you would like to exercise any of these rights, please contact Vantage at the address or phone numbers listed at the end of this notice. We will require that you make your request in writing and will provide you with the appropriate forms.

You have the right to inspect and/or obtain a copy or summary of information that Vantage maintains about you in your designated record set. A “designated record set” is a group of records maintained by or for Vantage that are your enrollment, payment, claims determination, and case or medical management records or a group of records, used in whole or in part, by Vantage to make decisions about you, such as appeal & grievance records. Vantage may charge you a reasonable administrative fee for copying, postage or summary preparation depending on your specific request.

However, you do not have the right to inspect certain types of information and we can not provide you with copies of the following information:

- contained in psychotherapy notes;
- compiled in reasonable anticipation of, or for use in a civil criminal or administrative action or proceeding; or
- subject to certain federal laws governing biological products and clinical laboratories.

We will respond to your request no later than 30 days after we receive it or if the information requested is not accessible or maintained on site, no later than 60 days after we receive it.

Additionally, in certain other situations, we may deny your request to inspect or obtain a copy of your information. If we deny your request, we will notify you in writing and may provide you with a right to have the denial reviewed.

You have the right to ask us to amend information we maintain about you in your designated record set. We will require that your request be in writing and that you provide a reason for your request. We will respond to your request no later than 60 days after we receive it. If we are unable to act within 60 days, we may extend that time by no more than an additional 30 days. If we need to extend this time, we will notify you of the delay and the date by which we will complete action on your request.

If we make the amendment, we will notify you that it was made. In addition, we will provide the amendment to any person that we know has received your health information. We will also provide the amendment to other persons identified by you.

If we deny your request to amend, we will notify you in writing of the reason for the denial. The denial will explain your right to file a written statement of disagreement. We have a right to dispute your statement. However, you have the right to request that your written request, our written denial and your statement of disagreement be included with your information for any future disclosures.

NOTE: If you want to access or amend information about yourself, you should first go to your provider (e.g., doctor, pharmacy, hospital or other caregiver) that generated the original records, which are more complete than any we maintain.

You have the right to receive an accounting of certain disclosures of your information made by us during the six years prior to your request. Please note that we are not required to provide you with an accounting of the following information:

- Any information collected prior to April 14, 2003.
- Information disclosed or used for treatment, payment, and health care operations purposes.
- Information disclosed to you or pursuant to your authorization;
- Information that is incident to a use or disclosure otherwise permitted.
- Information disclosed for a facility's directory or to persons involved in your care or other notification purposes;
- Information disclosed for national security or intelligence purposes;
- Information disclosed to correctional institutions, law enforcement officials or health oversight agencies;
- Information that was disclosed or used as part of a limited data set for research, public health, or health care operations purposes.

We will act on your request for an accounting within 60 days. We may need additional time to act on your request, and therefore may take up to an additional 30 days. Your first accounting will be free, and we will continue to provide to you one free accounting upon request every 12 months. However, if you request an additional accounting within 12 months of receiving your free accounting, we may charge you a fee. We will inform you in advance of the fee and provide you with an opportunity to withdraw or modify your request.

You have the right to ask us to restrict how we use or disclose your information for treatment, payment, or health care operations. You also have the right to ask us to restrict information that we have been asked to give to family members or to others who are involved in your health care or payment for your health care.

You have the right to ask to receive confidential communications of information, if you believe that you would be harmed if we send your information to your current mailing

address. For example, in situations involving domestic disputes or violence, you can ask us to send the information by alternative means (for example by fax) or to an alternative address. We will try to accommodate a reasonable request made by you.

What does Vantage Health Plan, Inc. do with Member PHI when the Member is no longer enrolled in a Vantage Plan?

Vantage Health Plan, Inc. does not destroy PHI when individuals terminate their coverage. The information is necessary and used for many purposes as described in this document, even after the individual leaves a plan. However, the policies and procedures that protect that information against inappropriate use and disclosure apply regardless of the status of any individual member. In many cases, PHI is subject to legal retention requirements, and after that requirement for record maintenance, PHI is destroyed in a confidential process.
