Letter from the CEO

Dear OGB Members,

Annual enrollment is the perfect time to review your benefits to ensure you have coverage that meets your needs and budget. If you wish to maintain your current OGB health plan and covered dependents for 2025, no action is needed, as your coverage will automatically continue. If you would like to change or add benefits, you must do so during annual enrollment. This guide provides an overview of the available options.

Several in-person annual enrollment meetings will be available for retirees. These meetings will provide details about available OGB benefit options to help you make the best decisions for you and your family. The schedules for these meetings can be found in this booklet and online on the OGB website at info.groupbenefits.org.

In 2025, OGB will continue to offer a diverse range of health plan options through Louisiana Blue for active employees and retirees. In addition, new for 2025, OGB is offering Enhanced Basic group term life insurance, offering a maximum benefit of \$15,000 for the primary policyholder. During annual enrollment, retirees can reduce their benefit from Basic Plus Supplemental Coverage to Enhanced Basic without evidence of insurability, effective January 1, 2025. However, evidence of insurability is required to increase coverage from Basic to Enhanced Basic or Basic Plus Supplemental.

Over the past year, there has been a significant increase in the cost of providing healthcare services on a local and national level. We are diligently working on solutions to reduce the burden to our members while ensuring we maintain the coverage our members expect. Due to these elevated costs, premium rates for the Pelican and Magnolia plans will increase by 6.65% effective January 1, 2025.

For our Medicare retirees, the Inflation Reduction Act of 2022 will introduce several important changes for 2025. These updates are designed to offer financial relief by reducing drug costs and ensuring Medicare remains strong for the future. To get a detailed explanation of what these changes mean for you, please turn to page 36 of this booklet.

I encourage you to review your options in the Enrollment Guide. Take action to choose what is best for you and your family, knowing that our staff at OGB are working hard every day to maintain this valuable benefit. We look forward to serving you and your family in 2025.

Best regards,

A handwritten signature in blue ink that reads "Heath Williams".

Taking these steps ensures that you make informed decisions about your healthcare coverage and that your enrollment information is accurate and up to date. If you have any questions or need assistance, don't hesitate to reach out to OGB for support.

IMPORTANT! If you would like to remain in your current OGB health and/or term life insurance Plan with the same covered dependents for the 2025 Plan Year, you do not need to do anything. Your current coverage will continue for the 2025 Plan Year.

Making Changes During the Plan Year

It's crucial to carefully consider your benefit needs and make the appropriate selection during the annual enrollment period. Keep in mind that once you've made your health plan selection, you will generally not be able to make changes until the next annual enrollment period, unless you experience an OGB Plan-Recognized Qualified Life Event during the plan year.

What You Need to Know:

- **Annual Enrollment Limitation:** Changes to your health plan selection are typically limited to the annual enrollment period.
- **Exceptions for Qualified Life Events:** You may be eligible to make changes outside of the annual enrollment period if you experience an OGB Plan-Recognized Qualified Life Event during the plan year.
- **Understanding Qualified Life Events:** A Qualified Life Event is a significant life change that may affect your healthcare needs or eligibility for coverage. You can review a full list of OGB Plan-Recognized Qualified Life Events at info.groupbenefits.org.

Take Action When Necessary:

- If you experience a Qualified Life Event, be sure to familiarize yourself with the process for making changes to your health plan.
- Promptly notify OGB of any Qualified Life Event and follow the required steps to update your coverage accordingly.

By staying informed about your options and understanding the circumstances under which you can make changes to your health plan, you can ensure that your coverage aligns with your evolving needs and life circumstances.

Understanding Your Plan Options

Pelican HRA1000

The Pelican HRA1000 plan is designed to provide financial support for your healthcare expenses through a health reimbursement account (HRA). Here are the key features of this plan:

- **Annual Employer Contributions:** Receive \$1,000 for employee-only plans and \$2,000 for employee plus dependent(s) plans deposited into your HRA each year.
- **Offset Healthcare Costs:** Use these funds to help cover your deductible and other out-of-pocket healthcare expenses throughout the year.
- **Rollover Benefits:** Any unused funds in your HRA will roll over to the next plan year, up to the In-Network out-of-pocket maximum, as long as you stay enrolled in the Pelican HRA1000 plan. This allows you to accumulate funds for future medical expenses. Funds are forfeited when you leave the HRA plan or the plan is no longer offered.
- **Nationwide Coverage:** Access Blue Cross and Blue Shield's extensive network of providers across the country, both in and out-of-network.
- **Provider Access:** Easily view and select from Louisiana Blue's network providers at lablue.com/ogb.

The Pelican HRA1000 plan offers a practical way to manage and reduce your healthcare costs with the added benefit of building a financial cushion for future medical needs.

The amount members pay toward their prescription depends on whether or not they receive a generic, preferred, non-preferred, or specialty brand drug.

Tier	Member Responsibility*
Generic	50% up to \$30
Preferred	50% up to \$55
Non-Preferred	65% up to \$80

- **Predictable Costs:** Enjoy the consistency of copays for healthcare services instead of relying on employer funding to cover out-of-pocket expenses.
- **Emergency Coverage:** Out-of-Network care is covered only in emergencies, with the possibility of balance billing for any costs not covered by the insurance.

Magnolia Local (Select, In-Network Provider Only Plan)

The Magnolia Local plan is a select, In-Network provider only plan for members who live in specific coverage areas. Magnolia Local is a health plan for members who want local access, affordable premiums and a new approach to healthcare. Out-of-Network care is covered only in emergencies, and the member may be balance-billed.

What is different about Magnolia Local?

- **Your network of doctors and hospitals is more defined** than other plans. You still have a full network of primary care doctors, specialists and other healthcare providers in your area.
- **You have a coordinated care team** that talks to one another and helps you get the right care in the right place.
- **Staying in network is very important! There is NO out-of-network coverage with this plan, except in the event of an emergency.**
- Where you live will determine which Magnolia Local network you will use.

Before you choose Magnolia Local, consider this:

- Which doctors/clinics do you go to the most?
- Which clinics/hospitals are closest to where you live?
- Staying in network is very important! As long as you receive care within your network, you will pay less than if you receive care outside of the network.

Magnolia Local has two networks: Community Blue & Blue Connect

Pharmacy Benefits

OGB uses a Formulary to help members select the most appropriate, lowest-cost options. The Formulary is reviewed regularly to reassess drug tiers based on the current prescription drug market. Members will continue to pay a portion of the cost of their prescriptions in the form of a copay or coinsurance. The amount members pay toward their prescription depends on whether or not they receive a generic, preferred, non-preferred, or specialty brand drug.

Tier	Member Responsibility*
Generic	50% up to \$30
Preferred	50% up to \$55
Non-Preferred	65% up to \$80
Specialty	50% up to \$80
After the out-of-pocket threshold amount of \$1,500 is met by you and/or your covered dependent(s):	
Generic	\$0 copay
Preferred	\$20 copay
Non-Preferred	\$40 copay
Specialty	\$40 copay

*Member responsibility is for a prescription drug benefit of up to a 31-day supply.

We encourage you to make sure you choose a doctor or hospital in your provider network when you need healthcare. By choosing a network provider, you avoid the possibility of having your provider bill you for amounts in addition to applicable copays, coinsurance, deductibles and non-covered services.

How to Enroll

Non-Medicare Retirees

There are three ways to change a health plan. Choose one that works best for you :

2. Complete the annual enrollment form found on page 19 and return it to the address provided by November 15.
3. To enroll in a health plan with different or new covered dependents or to discontinue OGB coverage:
 - Non-Medicare Retirees* can submit a dated and signed letter to OGB that includes:
 - the member's Social Security number;
 - new dependent's name, birth date and Social Security number; and
 - dependent verification documentation (i.e.- marriage and/or birth certificate).
 - **Please Note:** If you are dropping your OGB coverage entirely, you will not be able to get it back.
 - **Mail to:** Office of Group Benefits, Annual Enrollment, P.O. Box 44036, Baton Rouge, LA 70804; or

How to Read Your Benefits Comparison

Your Benefits Comparison has 3 main sections:

Cost Comparison

1 A comparison of the different Copays, Coinsurance, and Deductibles across offered plans. A Copay is a fixed payment for a covered service, and does not count toward your Deductible. A Coinsurance is the amount you pay for certain services after you have met your deductible. A Deductible is the amount you pay annually before your insurance begins to pay.

Out-of-Pocket Comparison

2 A comparison of the different Out-of-Pocket Maximums across offered plans. An Out-of-Pocket Maximum is the most you'll have to pay annually for health care services. Deductibles, Copays, Coinsurance and other medical expenses count toward your Out-of-Pocket Maximum. Your monthly premium does not.

Plan Benefits Summary

3 A high-level comparison of the benefits offered across each plan. Use to compare the different Copays, Coinsurance and Deductibles you may be responsible for when using different medical and pharmacy benefits. **This comparison chart is a summary of plan features and is presented for general information only. For a complete list of plan features, please review the plan documents posted on-line at info.groupbenefits.org.**

Choose a Plan Structure and Network: Some plan types allow you to use almost any doctor or health care facility. Others limit your choices, have no out-of-network coverage or charge you more if you use providers outside the network.

Compare Out-of-Pocket Costs

You may want a plan with low out-of-pocket costs if:

- You see a doctor, such as a specialist, on a regular basis
- You frequently need emergency care
- You take expensive or brand-name medications on a regular basis
- You are expecting a baby, plan to have a baby, or have small children
- You have a planned surgery coming up
- You've recently been diagnosed with a chronic condition such as diabetes or cancer

You may want a plan with higher out-of-pocket costs if:

- You cannot afford a plan with lower out-of-pocket costs
- You are in good health and rarely see a doctor
- You rarely participate in activities with a high risk of injury

Compare Covered Benefits

- Compare the Copay, Coinsurance and Deductible of any planned services or procedures for the upcoming plan year.
- See if your physician or preferred facility is covered under each plan by visiting lablue.com
- Review your prescription cost across plans by searching the formularies. If you are on maintenance medications, consider mail order to reduce out-of-pocket costs. Visit info.groupbenefits.org/pharmacy-benefits/ to see formularies for Caremark and SilverScript.

Medicare and Medicare Advantage

Important Information for Retirees: Annual Enrollment Periods for 2025

Annual Enrollment Opportunities:

- Retiree Plan Changes: Retirees can change their health plans during the annual enrollment period each year.
- Medicare Options: Retirees with both Medicare Part A and Part B have two choices:
 - Transfer to a Medicare Advantage health plan.
 - Choose an OGB secondary plan.

Enrollment Periods:

- **OGB Secondary Plan Enrollment:** Medicare retirees have until November 15, 2024, to select an OGB secondary plan.
- **Medicare Advantage Plan Enrollment:** Medicare retirees can enroll in a Medicare Advantage plan from October 15 to December 7, 2024.

Eligibility Requirements:

- **Medicare Parts A & B:** All plan members must have Medicare Parts A and B to enroll in a Medicare Advantage plan.

Important Note on Part D Coverage:

- **Part D Coverage:** All OGB Blue Cross plans include Part D coverage.
- **Dis-enrollment Warning:** If you enroll in a separate Medicare Part D plan while already enrolled in an OGB Blue Cross plan, you will be automatically dis-enrolled from the entire OGB plan.

Ensure you make informed decisions during these enrollment periods to maintain the healthcare coverage that best meets your needs.

Medicare Advantage Plans

Choosing a Medicare Advantage plan (Part C) can offer comprehensive coverage and streamlined administration of your Medicare benefits. Here's what you need to know:

- **Consolidated Coverage:** With a Medicare Advantage plan, you receive all your Medicare Part A and B coverage through an insurance company instead of directly through Medicare. This includes hospital insurance (Part A) and medical insurance (Part B) benefits.
- **Single Policy Administration:** Your medical services, including hospital stays, doctor visits, and other healthcare services, are covered and administered through a single policy provided by the insurance company offering the Medicare Advantage plan.
- **Medicare Program Membership:** Enrolling in a Medicare Advantage plan keeps you within the Medicare program. You're still required to pay your monthly Medicare Part B premium.
- **Additional Benefits:** Many Medicare Advantage plans offer additional benefits beyond original Medicare, such as prescription drug coverage, vision, dental, and wellness programs.

By choosing a Medicare Advantage plan, you can simplify your healthcare coverage and potentially gain access to additional benefits tailored to your needs. It's essential to review the specifics of each plan to ensure it aligns with your healthcare requirements and preferences.

Be careful of TV advertisements and mail or phone solicitations for Medicare Advantage Plans. If you are unsure about any communication you receive concerning Medicare Advantage plans, call OGB Customer Service at 1-800-272-8451 for assistance. Our Customer Service staff will be able to tell you if the plan is an OGB-sponsored plan or not.

IMPORTANT! If you choose an OGB-sponsored Medicare Advantage Plan, you will retain the option to return to another OGB-sponsored plan during the next annual enrollment period. If you enroll in a Medicare Advantage Plan NOT sponsored by OGB, you will not be allowed to return to an OGB-sponsored Plan. Both the member and covered dependent MUST maintain Medicare Parts A & B in order to be eligible for enrollment in a Medicare Advantage plan.

Inflation Reduction Act (IRA) of 2022

What is the Inflation Reduction Act (IRA) of 2022 and what does it mean for Medicare retirees?

The Inflation Reduction Act (IRA) brings significant changes to Medicare that aim to enhance the program's benefits and affordability for millions of people. Here's a breakdown of the key improvements:

- **Expansion of Benefits:** The IRA introduces new benefits and coverage options for Medicare recipients, ensuring they have access to a broader range of treatments and services.
- **Lower Drug Costs:** One of the major components of the IRA is the reduction in prescription drug costs. This includes measures to negotiate lower prices for certain high-cost medications and limit out-of-pocket expenses for beneficiaries.
- **Stable Prescription Drug Premiums:** The IRA includes provisions to keep prescription drug premiums stable, helping to prevent significant cost increases for Medicare recipients.
- **Strengthening Medicare:** The act is designed to improve the overall strength and sustainability of the Medicare program, ensuring that it can continue to provide essential services and support to beneficiaries in the future.

Overall, the IRA aims to make Medicare more affordable and effective, providing crucial financial relief and access to care for its beneficiaries.

Key Benefits of the Inflation Reduction Act for Medicare Beneficiaries

- **Insulin Cost Cap:**
\$35 Per Month: Medicare beneficiaries will pay no more than \$35 per month for each covered insulin prescription. This significant reduction aims to make insulin more affordable for those managing diabetes.
- **Access to Adult Vaccines Without Cost-Sharing:**
Recommended adult vaccines will be available to Medicare beneficiaries without any cost-sharing. This includes vaccines such as the shingles, pneumococcal, and COVID-19 vaccines, helping to ensure that seniors receive essential preventive care without financial barriers.
- **Yearly Cap on Out-of-Pocket Prescription Drug Costs:**
Starting in 2025, Medicare beneficiaries will have a cap of \$2,000 on their out-of-pocket spending for prescription drugs. This cap provides financial protection and predictability for those with high medication costs.
- **Expansion of the Low-Income Subsidy Program (LIS or "Extra Help"):**
The income threshold for the low-income subsidy program (also known as "Extra Help") will be expanded to cover individuals and families with incomes up to 150% of the federal poverty level. This expansion means more low-income beneficiaries will qualify for assistance with their Medicare Part D prescription drug plan costs, including premiums, deductibles, and co-pays.
- **The Medicare Prescription Payment Plan**
The Medicare Prescription Payment Plan is a new payment plan that works with your current drug coverage, and it can help you manage your drug costs by spreading them across monthly payments throughout the Plan year (January – December). **This payment plan might help you manage your expenses*, but it will not save you money or lower your drug costs.** "Extra Help" from Medicare, for those who qualify, is more advantageous than participation in the Medicare Prescription Payment Plan. All members for whom Medicare pays primary are eligible to participate in the Medicare Prescription Payment Plan, regardless of income level, and all Medicare drug plans and Medicare health plans with drug coverage must offer the Medicare Prescription Payment Plan. Participation in the Medicare Prescription Payment Plan is completely optional. Visit [Medicare.gov](https://www.medicare.gov) to learn more and find out if this payment plan is right for you. You will receive more information in the mail regarding this payment plan.

***Please Note:** If a member fails to pay the monthly amount, their participation in the Medicare Prescription Payment Plan will be terminated and the member will revert to the usual cost sharing in place. The member will still owe the amount they failed to pay. Additionally, the member may be prevented from participating in the Medicare Prescription Payment Plan in the future.

Retiree 100 Program Overview:

The Retiree 100 program is designed to provide supplemental coverage for retired members and/or spouses enrolled in the Magnolia Open Access plan who have Medicare Part A and Part B as their primary insurer. Here are the key details:

Coverage Purpose:

- **Supplemental Coverage:** Retiree 100 serves as additional coverage for members facing extensive hospital bills or large physician charges due to serious illness, accidents, or long-term chronic conditions.

Eligibility and Coverage:

- **Eligible Expenses:** Retiree 100 coordinates expenses eligible for reimbursement by both Medicare and the Magnolia Open Access plan. It does not include coverage for prescription drugs.
- **Premiums:** The monthly premium for Retiree 100 is \$81.00 per person, paid in addition to your monthly OGB premium. There is no state contribution towards the premium; the entire cost must be covered by the member.
- **Enrollment:** Retired members can enroll during the annual enrollment period held each year or within 30 days after becoming eligible for Medicare (Parts A and B). Coverage becomes effective on the first day of the month the member became eligible for Medicare.

Important Considerations:

- Retiree 100 is designed to provide additional financial support for significant medical expenses not fully covered by Medicare and the Magnolia Open Access plan.
- It's crucial to assess your healthcare needs and financial situation to determine if Retiree 100 is the right choice for you.

Enrollment documents are available on the OGB website, info.groupbenefits.org.

***Medical Out-of-Pocket Maximum applies to medical expenditures for all Plan Participants and to Prescription expenditures for Plan Participants when OGB is the primary payer. Prescription Out-of-Pocket Maximum applies to each Plan Participant when Medicare is the primary payer.*

****Separate Prescription Out-Of-Pocket Maximum does not apply to retirees without Medicare.*

Magnolia Local (Select, In-Network Provider Only Plan)

The Magnolia Local plan is a select, In-Network provider only plan for members who live in specific coverage areas. Magnolia Local is a health plan for members who want local access, affordable premiums and a new approach to healthcare.

Out-of-Network care is covered only in emergencies and the member may be balance-billed.

What is different about Magnolia Local?

- **Your network of doctors and hospitals is more limited in service area** than other plans. You still have a full network of primary care doctors, specialists and other healthcare providers in your area.
- **You have a coordinated care team** that talks to one another and helps you get the right care in the right place.
- **Staying in network is very important!**
- Where you live will determine which Magnolia Local network you will use.

Before you choose Magnolia Local, consider this:

- Which doctors/clinics do you go to the most?
- Which clinics/hospitals are closest to where you live?
- Staying in network is very important! As long as you receive care within your network, you will pay less than if you receive care outside of the network.

Magnolia Local has two networks: Community Blue & Blue Connect

Community Blue is a select, local network designed for members who live in the parishes of **Ascension, East Baton Rouge, Livingston, and West Baton Rouge**.

Blue Connect is a select, local network designed for members who live in the parishes of **Acadia, Bossier, Caddo, Evangeline, Iberia, Jefferson, Lafayette, Orleans, Plaquemines, St. Bernard, St. Charles, St. John the Baptist, St. Landry, St. Martin, St. Mary, St. Tammany, and Vermilion**.

Pharmacy Benefits

SilverScript® serves as the Medicare Part D drug coverage for OGB retirees with Medicare who are enrolled in eligible Louisiana Blue Pelican or Magnolia health plans. Here's what you need to know about SilverScript®:

Automatic Enrollment:

- When you provide OGB with a copy of your Medicare card, you are automatically signed up for SilverScript®.
- There's no need to sign up for a separate Medicare Part D plan.

Formulary and Cost Sharing:

- OGB utilizes a Formulary to assist members in selecting the most appropriate and cost-effective prescription drug options.
- The Formulary is regularly reviewed to reassess drug tiers based on the current prescription drug market.
- The amount members pay for their prescriptions depends on whether they receive generic, preferred, non-preferred, or specialty brand drugs.

Tier	Member Responsibility*
Generic	50% up to \$30
Preferred	50% up to \$55
Non-Preferred	65% up to \$80
Specialty	50% up to \$80
After the out-of-pocket threshold amount of \$1,500 is met by you and/or your covered dependent(s):	
Generic	\$0 copay
Preferred	\$20 copay
Non-Preferred	\$40 copay
Specialty	\$40 copay

*Member responsibility is for a prescription drug benefit of up to a 31-day supply.

For detailed information on the SilverScript® formulary or to verify if a specific drug is covered, you have a couple of options:

1. Online: Visit the SilverScript® website at info.caremark.com/oe/ogbmedicareex to access the formulary and related resources.
2. Contact SilverScript® Customer Care: You can reach SilverScript® customer care representatives 24 hours a day, 7 days a week by calling 1-888-996-0104. They can assist you with any questions or concerns you may have regarding your prescription drug coverage.

These resources are available to ensure that OGB retirees with Medicare have access to comprehensive information and support regarding their prescription drug benefits through SilverScript®.

The Medicare Prescription Payment Plan

The Medicare Prescription Payment Plan is a new payment option that works with your current drug coverage, and it can help you manage your drug costs by spreading them across monthly payments that vary throughout the year (January – December). **This payment option might help you manage your expenses, but it doesn't save you money or lower your drug costs*.** "Extra Help" from Medicare, for those who qualify, is more advantageous than participation in the Medicare Prescription Payment Plan. All members are eligible to participate in this payment option, regardless of income level, and all Medicare drug plans and Medicare health plans with drug coverage must offer this payment option. Visit Medicare.gov to find out if this payment option is right for you.

***Please Note:** If a member fails to pay the monthly amount, their participation in the program will be terminated and the member will revert to the usual cost sharing in place **AND** the member *may* be prevented from participating in the plan in the future.

How to Enroll

All Medicare Retirees

There are three ways to change a health plan. Choose one that works best for you:

1. Online Enrollment Portal:

- Visit OGB's annual enrollment web portal at enroll.groupbenefits.org.
- Log in using your insurance cards and identification numbers, such as your date of birth and Social Security number.
- Follow the prompts to change or update your health plan selections.

This method is convenient for those who prefer to manage their enrollment online.

2. Annual Enrollment Form:

- Complete the annual enrollment form provided by OGB (found on page 51 of the enrollment materials).
- Ensure all required information is filled out accurately.
- Return the form to the address provided by the specified deadline, which is November 15.

This option is suitable for those who prefer to submit physical paperwork.

3. Written Letter Submission:

- Draft a dated and signed letter to OGB detailing the changes or updates you wish to make to your health plan.
- Include your Social Security number and any new dependent information, such as name, birth date, and Social Security number.
- Attach any necessary dependent verification documentation, such as marriage or birth certificates.
- Submit the letter via mail, email, or fax to the Office of Group Benefits using the following contact details:
 - Mail to: Office of Group Benefits, Annual Enrollment, P.O. Box 44036, Baton Rouge, LA 70804
 - Email to: OGB.CustomerService@la.gov
 - Fax to: (225) 342-9917 or (225) 342-9919

This method offers flexibility for those who prefer written communication.

Please note: If you choose to discontinue your OGB coverage entirely, it's important to understand that you may not be able to reinstate it in the future.

IMPORTANT! If you would like to remain in your current OGB health plan with the same covered dependents for the 2025 Plan Year, you do not need to do anything. Your coverage will continue for the 2025 Plan Year.

How to Read Your Benefits Comparison

Your Benefits Comparison has 3 main sections:

Cost Comparison

1 A comparison of the different Copays, Coinsurance, and Deductibles across offered plans. A Copay is a fixed payment for a covered service, and does not count toward your Deductible. A Coinsurance is the amount you pay for certain services after you have met your deductible. A Deductible is the amount you pay annually before your insurance begins to pay.

Out-of-Pocket Comparison

2 A comparison of the different Out-of-Pocket Maximums across offered plans. An Out-of-Pocket Maximum is the most you'll have to pay annually for health care services. Deductibles, Copays, Coinsurance and other medical expenses count toward your Out-of-Pocket Maximum. Your monthly premium does not.

Plan Benefits Summary

3 A high-level comparison of the benefits offered across each plan. Use to compare the different Copays, Coinsurance and Deductibles you may be responsible for when using different medical and pharmacy benefits. **This comparison chart is a summary of plan features and is presented for general information only. For a complete list of plan features, please review the plan documents posted on-line at info.groupbenefits.org.**

NOTE: This section also breaks down plans for Medicare Advantage, plans for retirees with Medicare (retirement date before March 1, 2015), and plans for retirees with Medicare (retirement date ON or AFTER March 1, 2015)

Choose a Plan Structure and Network: Some plan types allow you to use almost any doctor or health care facility. Others limit your choices, have no out-of-network coverage or charge you more if you use providers outside the network.

Compare Out-of-Pocket Costs

You may want a plan with low out-of-pocket costs if:

- You see a doctor, such as a specialist, on a regular basis
- You frequently need emergency care
- You take expensive or brand-name medications on a regular basis
- You have a planned surgery coming up
- You've recently been diagnosed with a chronic condition such as diabetes or cancer

You may want a plan with higher out-of-pocket costs if:

- You cannot afford a plan with lower out-of-pocket costs
- You are in good health and rarely see a doctor
- You rarely participate in activities with a high risk of injury

Compare Covered Benefits

- Compare the Copay, Coinsurance and Deductible of any planned services or procedures for the upcoming plan year.
- See if your physician or preferred facility is covered under each plan by visiting lablue.com
- Review your prescription cost across plans by searching the formularies for each plan. If you are on maintenance medications, consider mail order to reduce costs.

- Once enrolled in term life insurance, you do not have to re-enroll every year. Your coverage elections will be continued each year until you make a change.
 - Members enrolled in term life insurance coverage will automatically have 25 percent reduced coverage on January 1 following their 65th birthday. Another automatic 25 percent reduction in coverage will take effect on January 1 following their 70th birthday. Premium rates will be adjusted accordingly.
 - Plan members should contact their HR departments to assist them with completing and submitting the Evidence of Insurability Form to Prudential for approval.
- Members currently enrolled who wish to add dependent life coverage for a spouse can do so within 30 days of marriage or by providing evidence of insurability during annual enrollment. Eligible dependent children can be added without providing evidence of insurability to the insurer.
- Member pays 50 percent of their term life insurance premium and 100 percent of dependent term life insurance premium
- If the request for life coverage is approved, Prudential will provide the plan member and dependent spouse an EOI approval letter to give to their HR representative to submit to OGB. Coverage will begin either on 1/1/2025 or the 1st of the month after OGB receives the approval letter and GB01.
- Plan members can remove dependent Ex-spouses and step-children outside of the 30 days the qualified life event. Please submit a GB01 to your HR department, or send a letter to OGB, along with a copy of the Final judgment of Divorce. The effective date of coverage will be 1/1/2025.

Portability of Term life insurance

Members can take advantage of the portability provision and continue coverage at group rates. This coverage is for terminated employees and employees whose face amount is reduced. Such coverage will be at a higher rate, and the state will not contribute any portion of the premium. The insurer will determine premium rates. You do not need to submit an evidence of insurability form to continue coverage. The insurer must receive the application no later than 31-days from the date their Employee Term Life Coverage ends.

Conversion of Term life insurance

Employees may convert life coverage when employment or eligibility ends, subject to the "Conversion" section of your Contract/Booklet Certificate. No Evidence of Insurability is needed. Accidental Death & Dismemberment coverage cannot be converted. In most cases, the insurer must receive the signed Notice of Group Life Conversion Privilege form within 31-days from the date their Optional Employee Term Life Coverage ends.

Accidental Death and Dismemberment Benefits

Accidental Death & Dismemberment (AD&D) benefits are included for all active and retired employees through age sixty-nine (69). For those members who are actively employed at the age of 70 and older, the AD&D coverage will continue until the member retires. Upon retirement, the AD&D coverage will terminate at midnight on the last day of the month in which the member retired.

Death Notification

Please notify the human resources office at the member's agency when a member or covered dependent dies. A certified copy of the death certificate must be provided to the member's agency.

LaCHIP provides Medicaid coverage for doctor visits for primary care as well as preventive and emergency care, immunizations, prescription medications, hospitalization, home health care and many other health services. Legal

Special Enrollment under HIPAA

Under the federal Health Insurance Portability and Accountability Act of 1996 (HIPAA), if you originally decline enrollment for yourself or your eligible dependents (including your spouse) for certain reasons, or if certain events occur, you may in the future be able to enroll yourself and your dependents in an OGB health plan under HIPAA special enrollment, provided that you request enrollment within 30 days after the qualified life event, or such longer period allowed by federal law. The HIPAA special enrollment events are defined by federal law.

If you acquire a new dependent as a result of marriage, birth, adoption or placement for adoption, or other events defined by federal HIPAA law, you may be able to enroll yourself and your eligible dependents under special enrollment, provided that you request enrollment within 30 days of acquiring the new dependent. The effective date of coverage for adding a dependent under such special enrollment is the date of the event. You can review the list of OGB Plan-Recognized Qualified Life Events at info.groupbenefits.org.

COBRA - Continuation of Coverage

COBRA gives a plan participant and eligible dependents the right to choose to continue OGB health plan coverage for limited periods of time when coverage is lost under circumstances, defined by federal law, such as certain voluntary or involuntary job loss, reduction in hours worked, transition between jobs, death, divorce, and other life events. Individuals who choose COBRA continuation coverage are required to pay 102% of the entire premium for coverage in most situations. Contact your human resources representative of your employing agency.

Terms and Conditions

In this section, "I" refers to the covered retiree.

I understand that it is my responsibility to review the most recent enrollment guide. It is my responsibility to review any applicable Plan communications that are available and applicable to me (including plan documents posted online at info.groupbenefits.com) at the time of my decision, and to determine the OGB option that best meets my or my family's health coverage needs.

I also understand that it is my responsibility to review the following bullets and understand which of the bullets apply to my situation:

- I understand that providers may at any time join or discontinue participation in the network for an OGB health plan, and this is not an OGB Plan-Recognized Qualified Life Event.
- I understand that the costs of prescription drugs may change during a Plan Year and that these changes are not an OGB Plan-Recognized Qualified Life Event.
- I understand that once I have made an election, I will not be able to change that election until the next annual enrollment period, unless I have an OGB Plan-Recognized Qualified Life Event.
- I understand that I will have to pay premiums for the plan option I select, and that coverage for any newly added dependents will start only if I provide the required verification documentation for those dependents by the applicable deadline. Newly-acquired dependent coverage for HIPAA Special Enrollment Events is retroactive to the date of the OGB Plan-Recognized Qualified Life Event if verified by the applicable deadline.
- I understand that I am responsible for the cost of benefits used by me or my covered dependent(s) after the termination date of coverage.
- I understand that it is my responsibility to verify that the correct deduction is taken from my compensation and to immediately notify my employer if it is not correct.
- I understand that if I miss the deadline to add a dependent or submit verification documentation, I will not be able to add the dependent until the next annual enrollment period, or until I experience a subsequent OGB Plan-Recognized Qualified Life Event that would enable me to make such a change.
- I understand that intentional misrepresentation or fraudulent falsification of information (including verification documentation submitted when dependents are added) may subject me to penalties and possible legal action and, in the case of adding dependents, may result in termination of coverage and recovery of payments made by OGB for ineligible dependents.
- I understand that by enrolling in an OGB plan, I am attesting that the information I provide is true and correct to the best of my knowledge, under penalty of law.
- This enrollment guide is presented for general information only. It does not constitute legal advice. It is not a benefit plan, nor is it intended to be construed as a benefit plan document. If there is any inconsistency between this guide and the benefit plan documents and Schedule of Benefits, the FINAL benefit plan documents and Schedule of Benefits will govern the benefits and plan payments.
