

The Office of Group Benefits (OGB) is pleased to announce that Ochsner Health has been selected as the new workplace wellness partner for the Live Better Louisiana (LBL) program, effective March 1, 2026.

Through this partnership, OGB and Ochsner Health will continue working to support the health and wellbeing of employees across the state. Beginning March 1, 2026, Ochsner will lead onsite wellness clinics and activities for the remainder of the 2025–2026 Live Better Louisiana program year. Our goal is to ensure a smooth transition while enhancing your overall wellness experience.

Employees who are unable to attend an onsite screening clinic may complete a Medical Exemption Form or have their Primary Care Provider complete the appropriate form. These forms are available on the OGB website at:

<https://info.groupbenefits.org/live-better-louisiana-2/>

More information about the Live Better Louisiana wellness program with Ochsner is available at:
