***OGB takes steps to assist plan members
preparing for Hurricane Gustav***

Many OGB plan members are evacuating in preparation for Hurricane Gustav. To help our plan members obtain the prescription drugs they need to stay healthy, OGB has implemented two changes:

- **Plan members can refill prescriptions without the usual 30-day restrictions.**
- **Plan members who use an out-of-network pharmacy will pay no penalties.**

As always, **a two-year history of medical claims for all covered family members, including lab tests, X-rays and prescriptions, can be viewed and printed using secure member login from the OGB website (www.groupbenefits.org).**
