Section 1 - Introduction

This directory provides a list of Blue Advantage’s network providers. To get detailed information about your health care coverage, please see your *Evidence of Coverage* (EOC).

You will have to choose one of our network providers listed in this directory to be your **Primary Care Provider (PCP)**. Generally, you must get your health care services from your PCP. The name and telephone number of your PCP is printed on your membership ID card.

The network providers listed in this directory have agreed to provide you with your health care services. You may go to any of our network providers listed in this directory. If you have been going to one network provider, you are not required to continue to go to that same provider. In some cases, you may get covered services from non-network providers. Prior authorization from the plan is generally required for any covered services received from a non-network provider.

You will get your routine or basic care from your PCP.

Your PCP will coordinate the rest of the covered services you need. This includes x-rays, laboratory tests, therapies, specialist visits, hospital admissions and follow-up care. Your PCP also contacts other network providers for updates about your care and/or treatment. If you need certain types of covered services or supplies, your PCP must give approval ahead of time.

In some cases, your PCP will need to get prior authorization from Blue Advantage.

A prior authorization is an approval from the plan for medical services and must be requested **before** services are received. Since your PCP will provide and coordinate your health care, you should have all of your past medical records sent to your new PCP’s office. The law requires us to protect the privacy of your medical records and personal health information. For more information about privacy, see your *Evidence of Coverage*.

You may change your PCP for any reason, at any time.

To change your PCP, call our customer service. **PCP changes take effect the first day of the following month. Requests for retroactive changes are typically not approved.** A customer service representative will change your membership record to show the name of your new PCP. You will receive an updated membership card with the name and telephone number of your new PCP.

Getting care when traveling or are away from the plan’s service area.

If you need medical care when you are outside the service area, your health care coverage is very limited. The only services we cover when you are outside our service area are care for a medical emergency, including maintenance care and hospital care after you are stable (known as post-stabilization care), urgently needed care, renal dialysis (kidney), and care that Blue Advantage has approved in advance. If you question whether a service is covered when you travel, please call our customer service.

What is the difference between a medical emergency and urgently needed care?

- A medical emergency is when you believe your health is in serious danger – when every second counts. You may have a bad injury, sudden illness or an illness that is quickly getting much worse.
- Urgently needed care is care you get for a sudden illness or injury that needs medical care right away, but is not life threatening. Treatment for a sprained ankle is an example of urgently needed care.

Can I contact my PCP for urgently needed care?

If you have a sudden illness or injury that is *not a medical emergency* and you are in the plan's service area, please call your PCP. If the office is closed, there will always be a doctor on call to help you. **Please note: If you have an urgent need for care while you are in the plan's service area, you should get this care from network providers. In most cases, we will not pay for urgently needed care that you get from out-of-network providers while you are in the plan's service area.**

If you are out of the plan's service area and cannot wait until you return, Blue Advantage will pay for urgently needed care you receive from out-of-network providers. We will cover follow-up care that you get from out-of-network providers outside the plan's service area if the care you receive still meets the urgently needed care definition. Once you return to the service area, your PCP will provide any needed follow-up care.

If you have a medical emergency:

- Get medical help as quickly as possible. Call 911 for help or go directly to the nearest emergency room. **In an emergency, you do not need permission (authorization) or a referral before getting medical assistance.**
- Emergency medical care is covered whenever you need it, anywhere in the world.
- Ambulance services are covered in situations where other means of transportation, anywhere in the world, would endanger your health.
- As soon as possible, you or someone else should contact your PCP about your emergency. Your PCP's telephone number is located on your membership ID card. Your PCP needs to know about your emergency because he or she will provide or arrange follow-up care. Please try to contact your PCP about your emergency within 48 hours.

What about follow-up care after an emergency?

It is important to know that every emergency has two stages. When the doctors or hospital providing emergency care consider your condition stable the first stage of the medical emergency ends. However, even after your condition is stabilized, you are still considered in an emergency situation and Blue Advantage must pay for post-stabilization treatment provided by the hospital (whether or not this hospital is a network provider or not). The second stage of the emergency, after your condition is stabilized, is called post-stabilization.

Generally, the hospital, or doctors, providing emergency care will try to talk to your PCP. This helps the plan arrange for network providers to take over your care as soon as your condition and circumstances get better. Once your PCP takes over your care or agrees with the attending hospital on an appropriate course of action (or once you are discharged, if you are fully recovered), you are no longer in an emergency or post-stabilization situation.

When you are past the emergency and post-stabilization stages, you may still need follow-up care. Blue Advantage is responsible for your follow-up care. Blue Advantage will *only* pay for follow-up care (care provided after your emergency and post-stabilization stages) if you follow the plan rules. Your PCP can assist you with finding network providers and securing the appropriate referrals and authorizations.

While Blue Advantage does not contract with specialists who provide certain services at a health care facility (such as anesthesiologists and pathologists), we do pay the facility for the cost of these services when provided at an Blue Advantage contracted facility. If you receive a bill for such services, please contact Blue Advantage customer service.

You must use network providers except in emergency or urgent care situations or for out-of-area renal dialysis or other services. If you obtain routine care from out-of-network providers neither Medicare nor Blue Advantage will be responsible for the costs.

What is the service area for Blue Advantage?

The parishes in our service area are listed below.

Blue Advantage

2019 Pharmacy Directory

Introduction

This booklet provides a list of Blue Advantage network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the Evidence of Coverage and Blue Advantage's formulary.

We call the pharmacies on this list our “network pharmacies” because we have made arrangements with them to provide prescription drugs to Plan members. In most cases, your prescriptions are covered under Blue Advantage only if they are filled at a network pharmacy or through our mail order pharmacy service. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescription but can switch to any other of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your Evidence of Coverage.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. This means the pharmacies listed here may no longer be in our network, or there may be newer pharmacies in our network that are not listed. This list is current as of October 9, 2018. For the most current list, please contact us. Our contact information appears on the front and back cover pages.

You can go to all the pharmacies on this list, but your costs for some drugs may be less at pharmacies in this list that offer preferred cost-sharing. We have marked these pharmacies with † to distinguish them from other pharmacies in our network that offer standard cost-sharing.

You can get prescription drugs shipped to your home through our network mail order delivery service. For more information, please contact us or see the mail order section of this pharmacy directory.

This directory is for Greater New Orleans service area, which includes the area in which you live. However, we cover a larger service area, and there are more pharmacies where your prescriptions may be covered by our Plan. For information on more pharmacies in our plan network not listed in this directory please contact us toll free at 1-866-508-7145, 7 days a week from 8:00 a.m. to 8:00 p.m. You may receive a messaging service on weekends from April 1 through September 30 and holidays. Please leave a message and your call will be returned the next business day. TTY users should call 711.

If you have questions about any of the above, please see the first and last cover pages of this directory for information on how to contact Blue Advantage.

Blue Advantage Network Pharmacies

The pharmacies are divided into 5 groups: Retail Pharmacies, including Chain Pharmacies, Mail Order, Home Infusion, Preferred and Long Term Care. **The pharmacies in each group are listed by state and then by county. Pharmacies that provide an extended day supply of medications are identified with the symbol**

Mail Order Pharmacy

You can get prescription drugs shipped to your home through our network mail order delivery service.

For refills of your mail order prescriptions, please contact us 14 days before you think the drugs you have on hand will run out to make sure your next order is shipped to you in time. If you have used mail order services with your current plan before, or if you opt in now, our pharmacy will automatically fill and ship new prescriptions received directly from your doctors or other prescribers. You may opt out of automatic deliveries of new prescriptions at any time by contacting us at 1-800-282-2881. If you never had mail order delivery and/or decide to stop automatic fills of new prescriptions, we will contact you each time we get a new prescription from a provider, to see if you want the medication filled and shipped at that time. This will give you an opportunity to make sure that the correct drug (including strength, amount, and form) will be delivered, and, if necessary, allow you to cancel or delay the order before you are billed and it is shipped

Typically, you should expect to receive your prescription drugs within 14 business days from the time that the mail order pharmacy receives the order. If you do not receive your prescription drug(s) within this time, please contact us toll free at 1-866-508-7145, 7 days a week from 8:00 a.m. to 8:00 p.m. You may receive a messaging service on weekends from April 1 through September 30 and holidays. Please leave a message and your call will be returned the next business day. TTY users should call 711
