

Care Management Programs

SUPPORTING YOU ON YOUR JOURNEY
TO YOUR BEST POSSIBLE HEALTH

LOUISIANA **BLUE**  

WE WANT TO HELP

Your health is important to us. Our health coaches can support you in leading a fuller, healthier life.

If you have been diagnosed with a serious or long-term health condition, call us to find out how we can help you through our Care Management programs.

We can talk with you about your health needs and medical history to find a Care Management program that is right for you.

WHAT IS A HEALTH COACH?

Louisiana Blue offers nurses, dietitians and social health coaches who will work with you to set and reach personal goals for your best health.

SUPPORT FOR YOUR HEALTH CONCERNS

Our health coaches can help if you have:

- Chronic diseases like asthma, heart disease or diabetes
- Rare conditions
- High-risk pregnancy
- Organ/tissue transplant
- Serious injuries
- Cancer
- Obesity
- Depression
- Other health conditions

HOW WILL HEALTH COACHES HELP YOU?

We will help you work toward your health goals, no matter how complex. Health coaching is personalized, and we will assist you with your unique needs.

Our health coaches will:

- Offer tips to stick to the treatment plan your doctor/healthcare provider made with you
- Share information or educational materials about your health condition
- Work with you on areas where you want to make changes, such as exercising, eating healthy, getting preventive care or quitting smoking
- Connect you with in-network healthcare providers in your area
- Send you preventive and wellness care reminders
