

Convenient Home Delivery

You now have two choices for home delivery! In addition to HealthDyne, we've added Postal Prescription Services (PPS) as an option. Both PPS and HealthDyne provide free shipping.

We are excited to announce that **Postal Prescription Services is your new home delivery option.** Using a mail order pharmacy may be a great option if your physician has prescribed a medication that you take on an ongoing basis and you prefer not to visit the pharmacy every month. Please talk with your physician to see if a 90-day supply is appropriate for you!
